Roadshows and other events during the quarter

During the quarter, we met investors on roadshows in US with Danske. We also participated in Danske's Nordic seminar in Paris and UBS Pan European Small and Mid-Cap Conference in London. In addition, we held group investor meetings hosted by analysts and discussed with investors on individual 1-1 calls and meetings.

On June 11, we hosted a webcast where Fabio Fiorino, Executive Vice President, Industrial Service and Equipment, discussed the latest developments in the industrial business segments. A recording of the event is available [here](#), and the presentation material is available [here](#).

During the quarter, the most frequent discussion topics have included: market environment, demand outlook and financial guidance, order book, cost inflation and pricing, Group and segment margin development, financial targets, sustainability, cash flow and use of cash, and port cranes market in the US.

We publish our investor presentation and other presentations used in investor meetings on the [Presentations & Events web page](#).
