Roadshows and other events during the quarter

During the quarter, we met investors on roadshows in Frankfurt with Nordea, in London with Handelsbanken, and in Paris with SEB. We participated in Carnegie's Nordic Capital Goods seminar in Stockholm. In addition, we held group investor meetings hosted by analysts and discussed with investors on individual 1-1 calls and meetings.

During the quarter, the most frequent discussion topics have included: market environment, demand outlook and financial guidance, order book, cost inflation and pricing, Group and segment margin development, financial targets, sustainability, cash flow and use of cash, and port cranes market in the US.

We publish our investor presentation and other presentations used in investor meetings on the [Presentations & Events web page](#).

Changes in reporting Industrial Equipment's order intake and net sales

On March 19, 2024, Konecranes announced that it had decided to make changes in reporting Industrial Equipment's orders received and net sales, which will also impact Industrial Equipment's profitability. The restated Industrial Equipment's figures for 2023 are available in the [press release](#) from the same day.
