

KONECRANES

Konecranes Investor Presentation

July 2023

Important Notice

The following applies to this presentation, the oral presentation of the information in this presentation by Konecranes Abp (the “**Company**” or “**Konecranes**”) or any person on behalf of the Company, and any question-and-answer session that follows the oral presentation (collectively, the “**Information**”). In accessing the Information, you agree to be bound by the following terms and conditions.

This presentation does not constitute an offer of or an invitation by or on behalf of, Konecranes, or any other person, to purchase any securities.

The Information is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident of, or located in, any locality, state, country or other jurisdiction where such distribution or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction.

The Information contains forward-looking statements. All statements other than statements of historical fact included in the Information are forward-looking statements. Forward-looking statements give the Company’s current expectations and projections relating to its financial condition, results of operations, plans, objectives, future performance and business. These statements may include, without limitation, any statements preceded by, followed by or including words such as “target,” “believe,” “expect,” “aim,” “intend,” “may,” “anticipate,” “estimate,” “plan,” “project,” “will,” “can have,” “likely,” “should,” “would,” “could” and other words and terms of similar meaning or the negative thereof. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond the Company’s control that could cause the Company’s actual results, performance or achievements to be materially different from the expected results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Company’s present and future business strategies and the environment in which it will operate in the future.

The Information, including but not limited to forward-looking statements, applies only as of the date of this document and is not intended to give any assurances as to future results. Market data used in the Information not attributed to a specific source are estimates of the Company and have not been independently verified.

Agenda

1. Konecranes in brief
2. Updated strategy & financial targets
3. Key financials development
4. Konecranes as an investment
5. Segment overviews
6. Appendix
7. Latest quarterly result presentation

1. Konecranes in brief

Shaping next generation material handling for a smarter, safer and better world

KONECRANES

Two main customer segments, extensive service coverage and a truly global presence

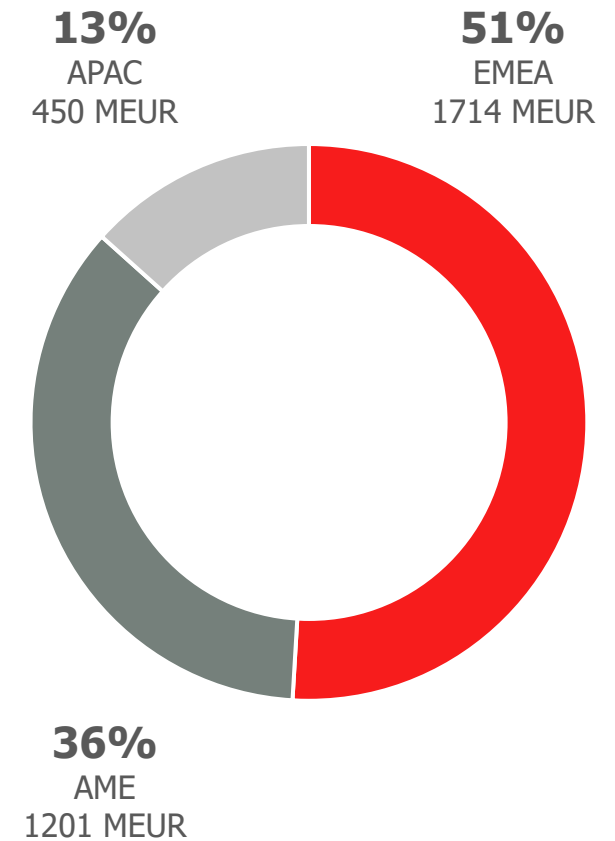

Sales by segment, 2022

Sales by offering type, 2022

Sales by region, 2022

Note (1): Total service includes Service and Port Solutions' service sales of 226.1 MEUR

Note (2): Total equipment includes Industrial Equipment and Port Solutions excluding Port Solutions' service sales of 226.1 MEUR

An industry and technology leader in material handling solutions

Service and Industrial Equipment

Service

- **Specialized maintenance services and spare parts** for all types and makes of industrial cranes and hoists
- **Unparalleled global service network**

Industrial Equipment

- **Extensive range of industrial cranes**, from components and light duty applications to demanding process solutions
- **Technology leadership** and **leading market position**

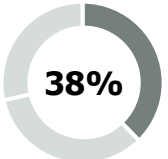

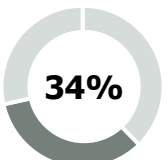

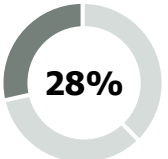

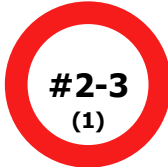

Port Solutions

- Provides **equipment, solutions and service for the container handling** industry and ports
- **One of the leading global suppliers**

We have a solid platform with leading market positions to build on

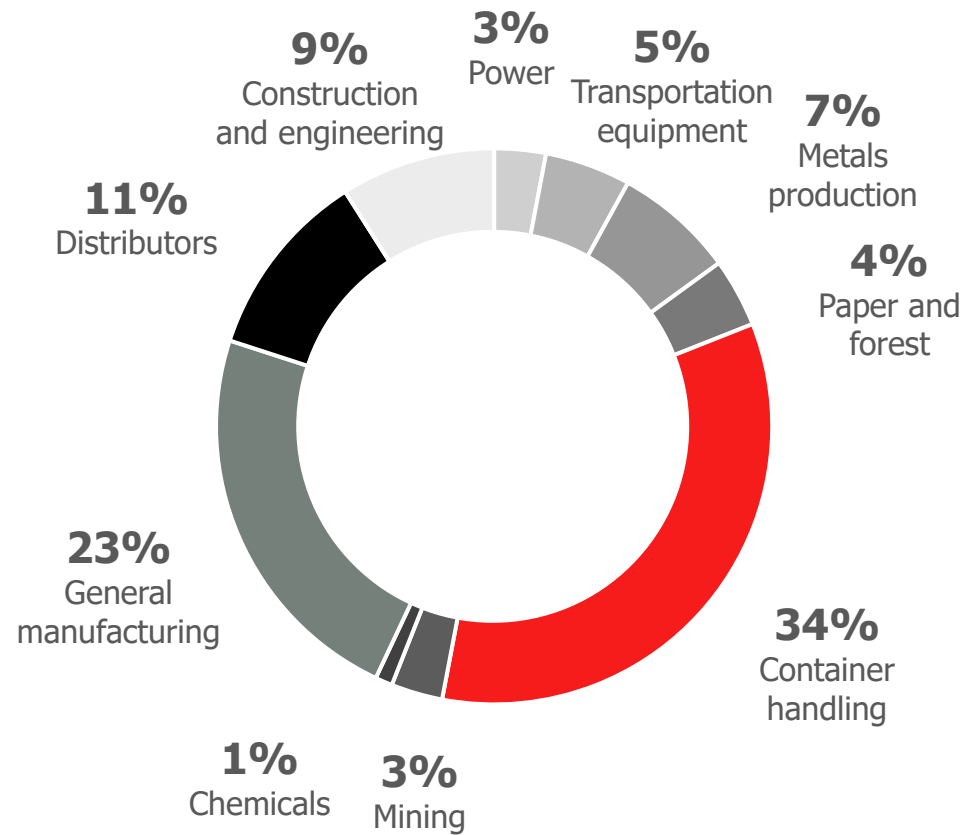

Segment

Konecranes has identified the following megatrends that shape its markets and provide business opportunities

Sustainability

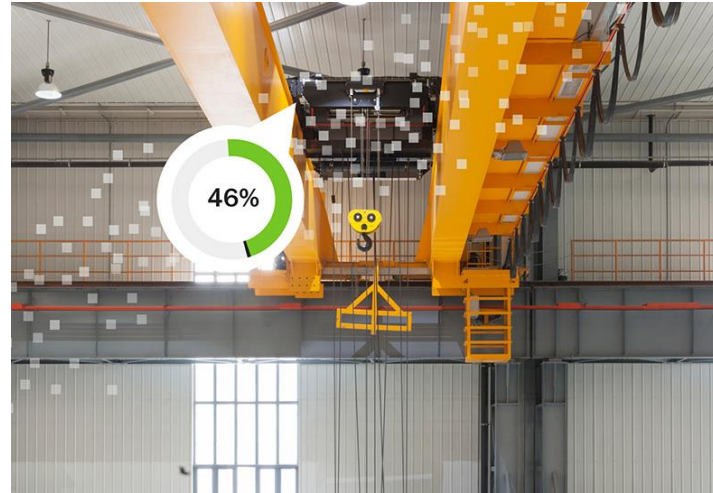

Sustainability has become **the norm** in business, the focus widening to managing the **whole value chain's impact** on social and environmental aspects

We enable a **decarbonized, circular** and **safer world** by embedding sustainability across our business and supporting our customers in achieving their targets.

Digitalization and automation

Productivity and seamless operations, enabled by **digitalization and automation**, are a higher priority for companies

We provide **automated, intelligent** and more complete material handling **solutions** that boost our customers' **productivity**.

Geopolitics and macroeconomics

Geopolitical issues **change** the dynamics in the **global flow of goods and information**, and macroeconomic changes cause overall **economic uncertainty**

We contribute to **improving data management** and **the resilience** of overall operations and supply networks.

We harness the advantages of our purpose-built componentry, technology innovation and digitalization

- Core of Lifting comprises purpose-built, integrated package of gearbox, motor, control system and connectivity, made specifically for cranes and lifting motion
- Designing and creating the core in-house provides cranes a longer lifetime, optimized performance and cost, increased safety and productivity
- Same unified digital and physical componentry across the entire portfolio enables effective customer engagement throughout the world
- Embedded sensors and software provide real-time data to customers and enable process optimization and predictive maintenance

2,000,000

Motors
since 1933

500,000

Inverter based
control systems
since 1993

49,000

Connected cranes
in 140 countries

2,000

pending patents

4,500+

Service
technicians

We embrace the broader sustainability agenda and support our customers in achieving their ESG targets

Konecranes' sustainability commitments

Konecranes has set ambitious targets for all four commitments and regularly monitors performance and progress

We deliver safe and secure material handling solutions

- Providing solutions for safe, uninterrupted and secure material handling
- Ensuring uncompromised safety in our own operations and supply chain

We enable a decarbonized and circular world

- Supporting our customers in reaching their low-carbon targets with our offering
- Maximizing lifecycle value and eliminating waste with circular solutions throughout the whole value chain
- Working to decarbonize our own operations

We create a fair, inclusive, diverse and engaging working environment

- Supporting human rights in our value chain
- Ensuring a fair and engaging workplace
- Representing the multicultural communities where we operate

We expect high ethical standards of ourselves and our business partners

- Embedding sustainability, compliance and ethical requirements in our business processes
- Following strong governance on sustainability, compliance and ethics

Our sustainability work has been recognized with leadership ratings

SUSTAINABILITY RATINGS

MSCI
ESG Rating

CDP
Climate
Change 2022

EcoVadis
Sustainability
rating 2022

ISS
ESG Rating
2023

SELECTED HIGHLIGHTS IN 2022:

Environment:

- Factories powered 100% with renewable electricity
- The first fully electric service vehicles taken into use

Social:

- Launching Human Rights Policy
- Signing the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Businesses and Human Rights

Governance:

- High participation in Code of Conduct training
- Rollout of competition law trainings and relaunch of the trade sanctions and export controls e-learnings
- External supplier sustainability audits continued

COMMITMENT TO THE UN SUSTAINABLE DEVELOPMENT GOALS

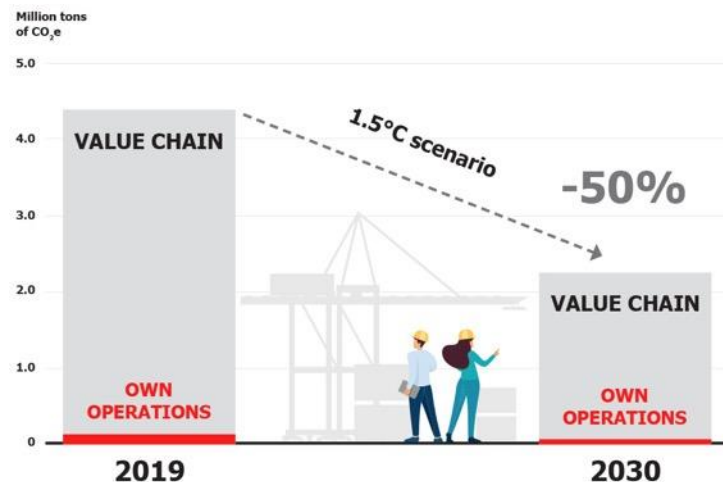

- Signatory member of the UN Global Compact since 2010

We have made great progress towards our climate targets

SCIENCE BASED TARGETS

Our **climate targets** have been validated as being **in line with the ambition to limit global warming to 1.5°C**.

PROGRESS

OWN OPERATIONS:

- **50% absolute GHG emission reduction⁽¹⁾ by 2030**
- **Target achieved** already in 2022!

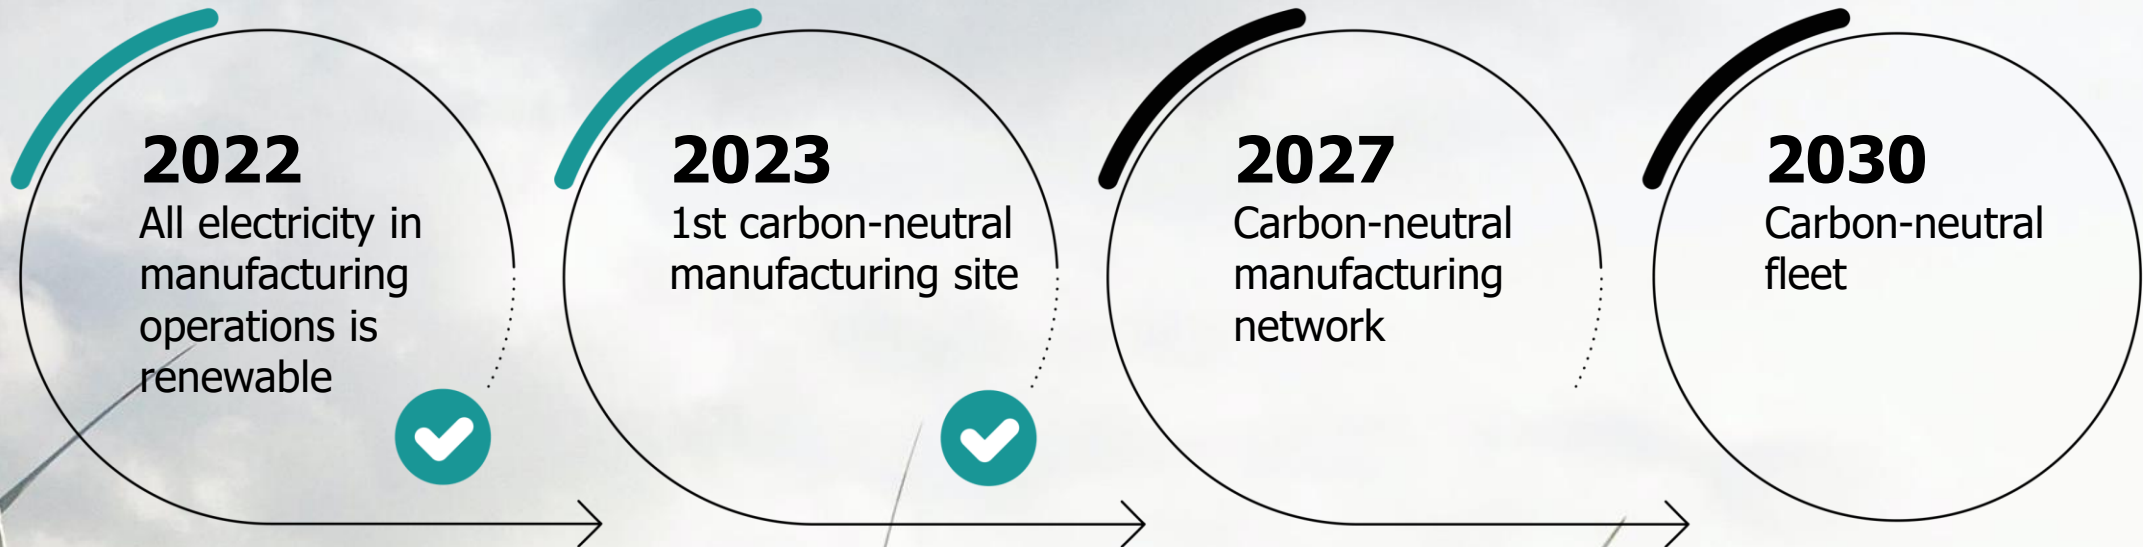

VALUE CHAIN:

- **50% absolute GHG emissions by 2030⁽¹⁾**, encompassing use of sold products and steel related purchases⁽²⁾
- **Progress: 26%** in 2019-2022

Note (1): From 2019 base year

Note (2): The Scope 3 target covers more than 70% of the value chain emissions

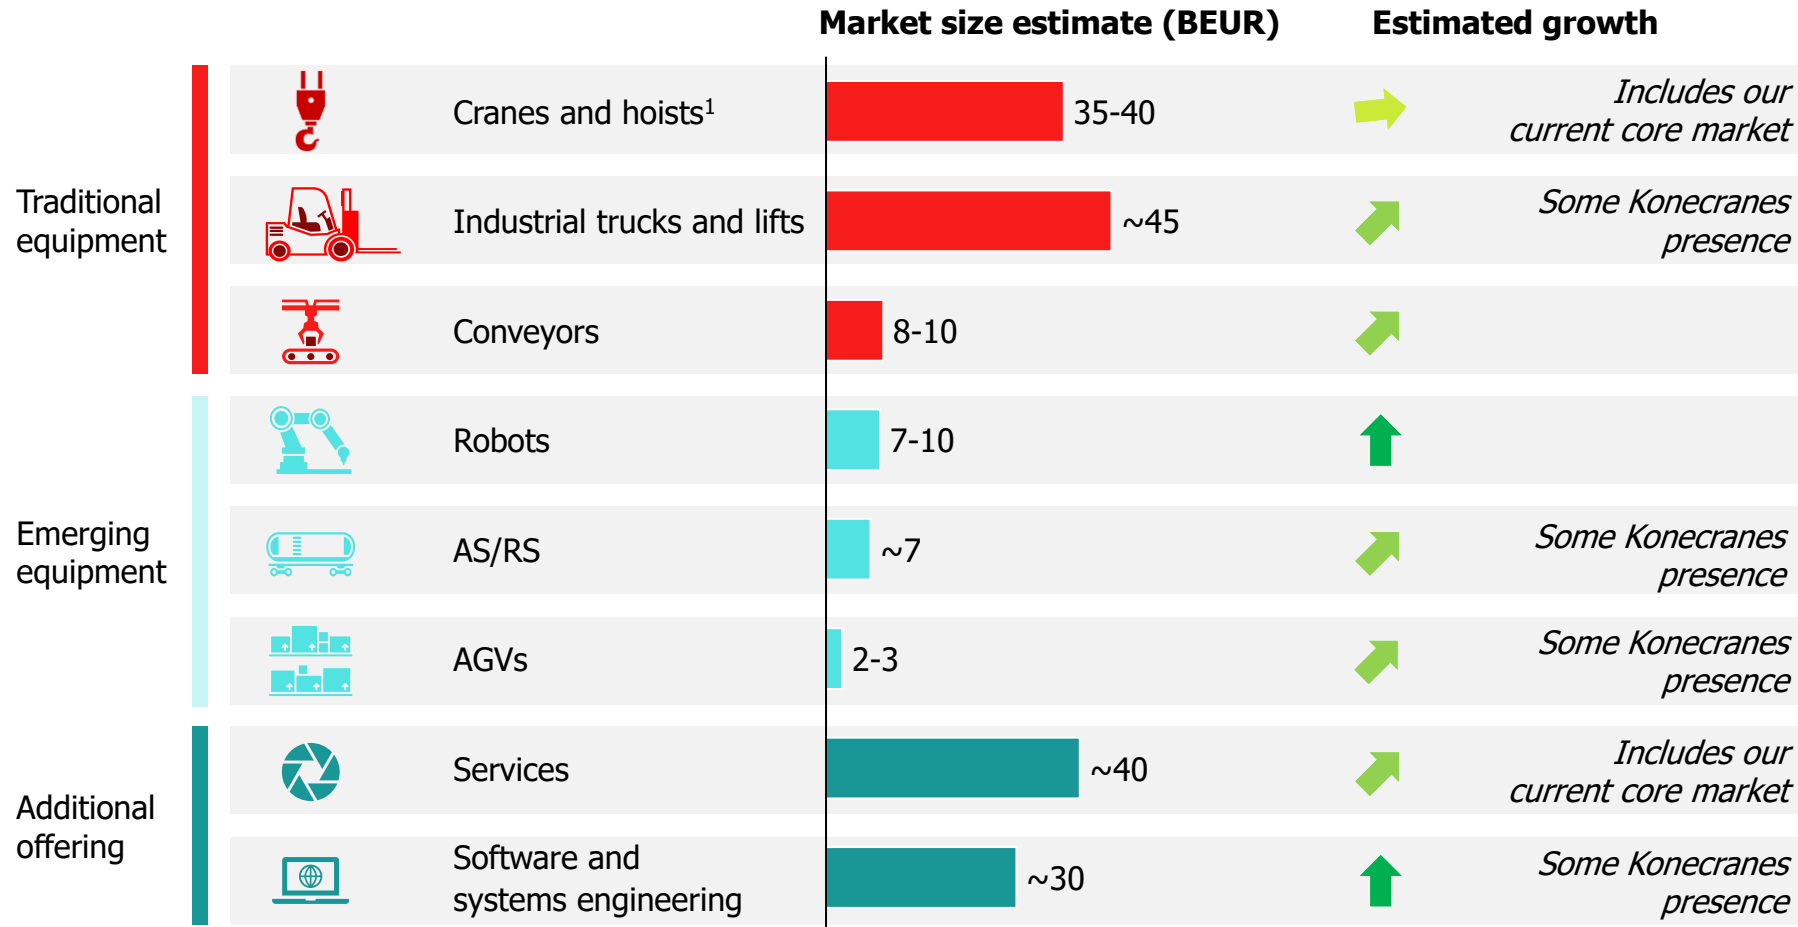

We have raised our ambition and aim
at carbon neutral own operations by 2030

2. Updated strategy & financial targets

Material handling market offers possibility to capture growth

**Our focus
is on our core
businesses...**

... at the same time,
adjacent material handling
areas offer the possibility
to capture growth and to
fulfil customers' broader
material handling needs.

Notes: 1) Cranes and hoists category also includes other cranes and hoists in addition to KC offering
Source: internal analysis

We have a clear strategy to execute in all our Business Segments

Deliver **Service** growth

- Renewed Service Program: segmented offering driving agreement base expansion
- Enhanced customer experience
- Commercial and operational excellence
- Equivalent parts for third party equipment
- Data driven sales
- Bolt-on acquisitions

Improve **Industrial Equipment** profitability

- Simplification of go-to market model
- Renewed and standardized offering
- Platform harmonization
- Operational excellence
- Optimized portfolio
- Stabilization and fixing profitability for Process Cranes

Generate profitable growth in **Port Solutions**

- Focus on core offering with best growth opportunity
- Growing Port Services
- Capturing automation opportunities
- Operational excellence
- Project management excellence
- Launching sustainable offering

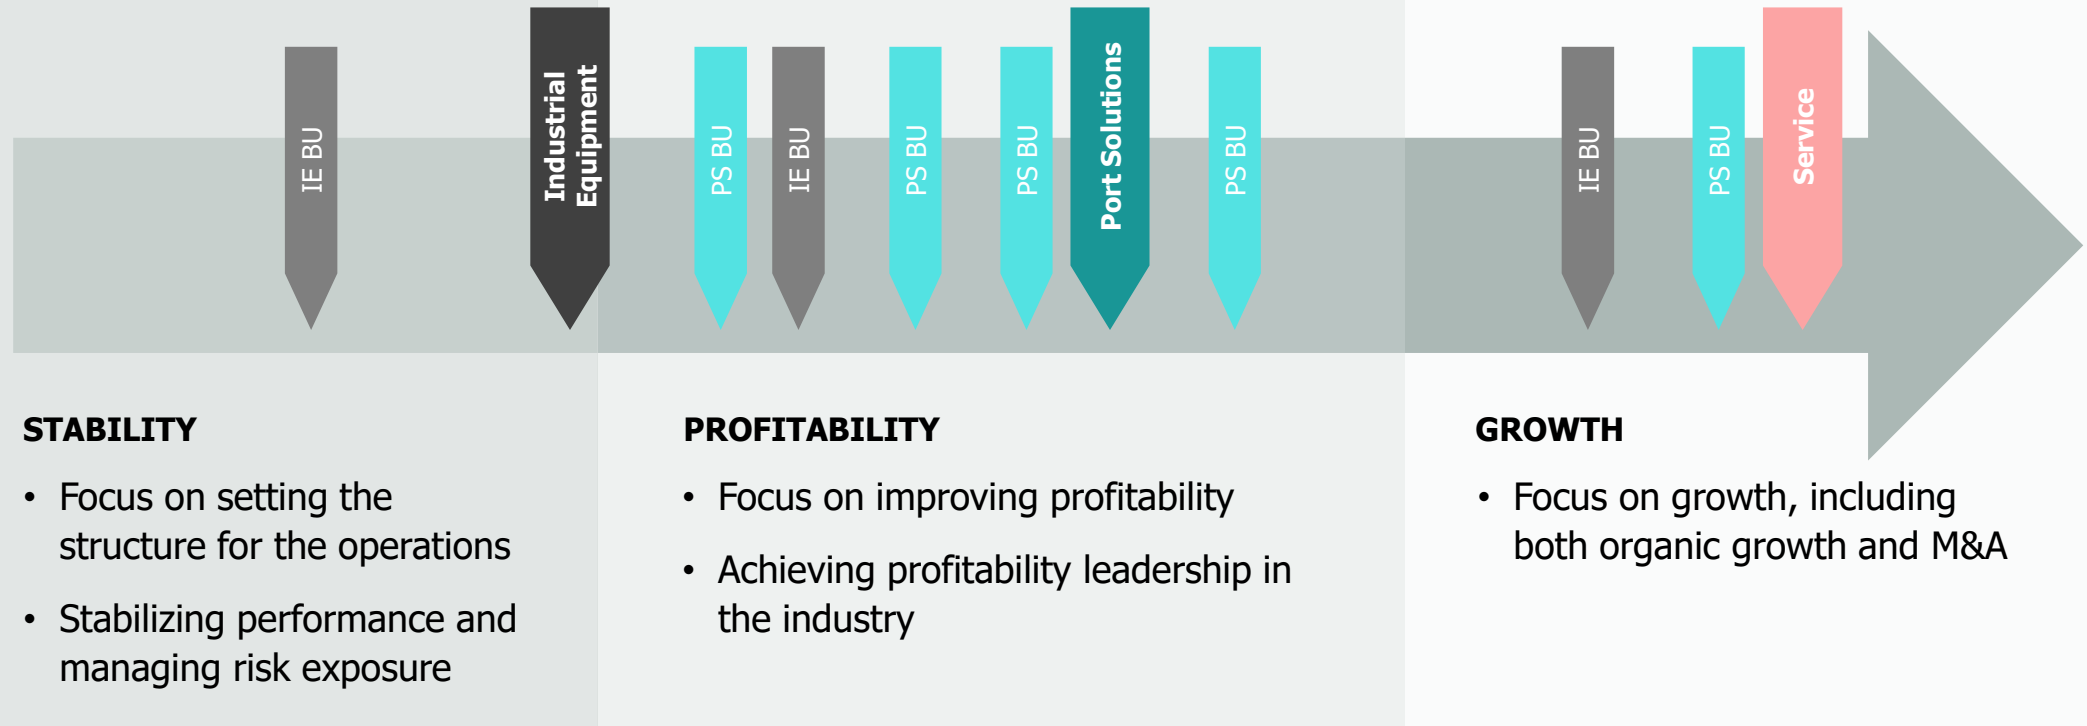

WE FOCUS ON:

- Profitable and high growth offerings and geographies
- Leveraging technology leadership through automated and digital solutions
- Markets and segments that appreciate the added value of our offering
- Pricing, cost management and internal efficiency

Our focus is on profitability before embarking on growth

We will manage our businesses by clear mandates for their operations.

Depending on the stage of development, the mandates are either for Stability, Profitability or Growth.

Portfolio management will play an even more important role going forward and we will not shy away from fixing, growing or exiting businesses.

Our Ambition is to become the world leader in material handling solutions creating value for everyone

FINANCIAL TARGETS:

- Sales growth faster than the market¹
- Comparable EBITA margin of 12-15%² as soon as possible, but no later than in 2027

DIVIDEND POLICY:

To pay a stable to increasing dividend per share, over the cycle

¹ nominal world GDP growth, IMF World Economic Outlook

² profitability range, depending on the cycle

Financial targets

Sales growth faster than the market¹

12-15% comparable EBITA margin²

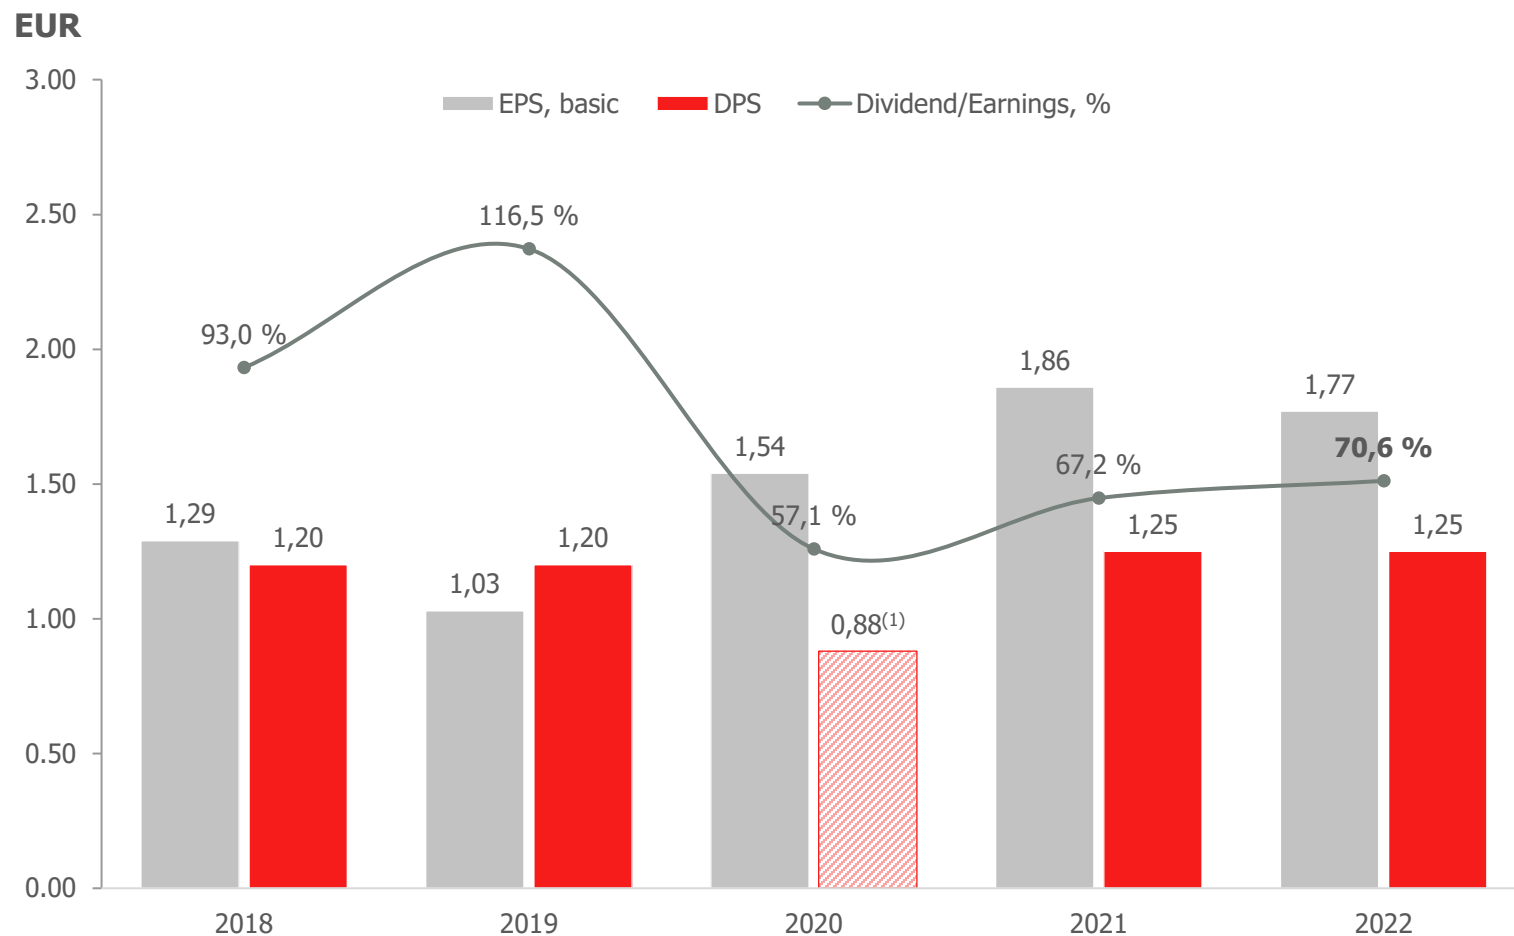

Comparable EBITA margin target to be reached as soon as possible, but no later than in 2027

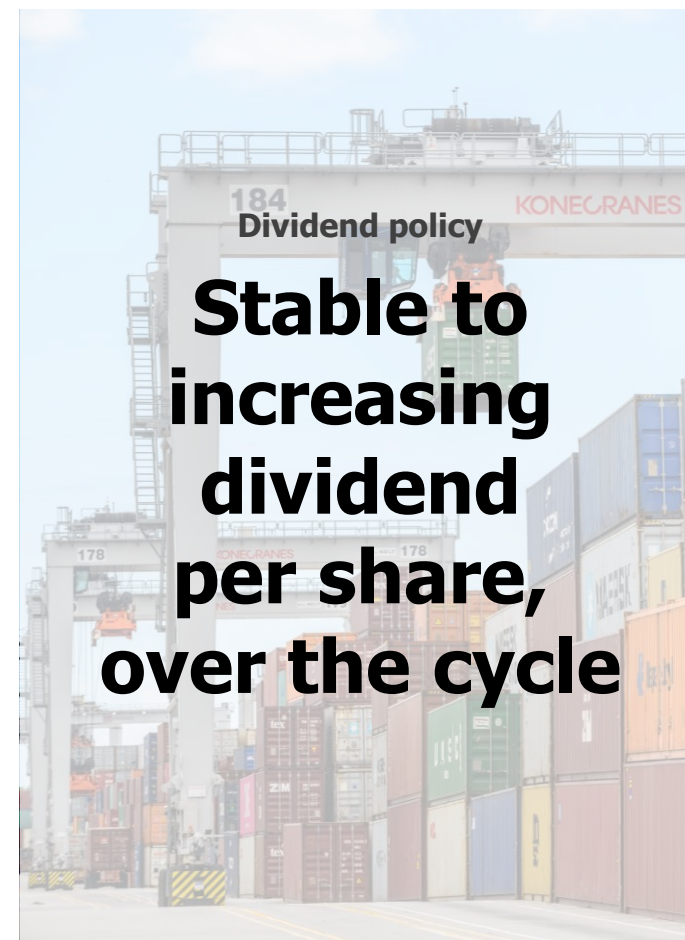

¹ nominal world GDP growth, IMF World Economic Outlook

² profitability range, depending on the cycle

We pay a stable to increasing dividend to our shareholders

Note (1): For 2020, the dividend of EUR 0.88 per share was in accordance with the Combination Agreement, the planned merger with Cargotec was cancelled in March 2022

Strategic Enablers driving our business forward towards our Ambition and Financial Targets

**Deepening
customer
focus**

**Accelerating
efficiency**

**Scaling
technology
innovation**

**Advancing
responsible
business**

**Enhancing
our winning
culture**

Operating model with clear authorization and accountability

We are embedding a winning attitude and growth mindset

- Engaging culture and values
- Competitive mindset
- Deliver what we promise
- Sense of urgency
- Ease of doing business with
- Open, proactive communication
- Performance management
- Continuous improvement

Shaping next generation material handling for a smarter, safer and better world

We have a strong platform to build on and a clear plan to execute:

We have...

- ✓ Great people
- ✓ A leading position in services and equipment
- ✓ A broad customer base
- ✓ An unrivalled global service network
- ✓ Technology leadership
- ✓ Plenty of market opportunities
- ✓ An inspirational Purpose and Ambition
- ✓ A clear strategy for developing our business

... to take us to the next level

- Sales growth faster than the market¹
- Comparable EBITA margin of 12-15%²
- Climate targets
- Improved resilience through service growth
- Increased employee engagement

¹ nominal world GDP growth, IMF World Economic Outlook

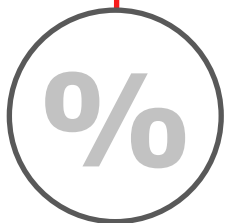

² as soon as possible, but no later than in 2027. Profitability range, depending on the cycle.

Our capital allocation priorities

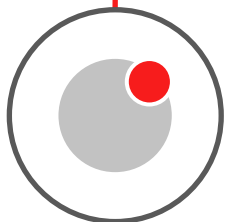

Capital expenditure

Reinvesting into own operations to grow the business and improve productivity

Dividends

Distributing profits to shareholders according to the dividend policy

Acquisitions

Strengthening the business with bolt-on and adjacent acquisitions

Debt repayment

Maintaining a strong balance sheet with the debt level below the gearing ceiling target

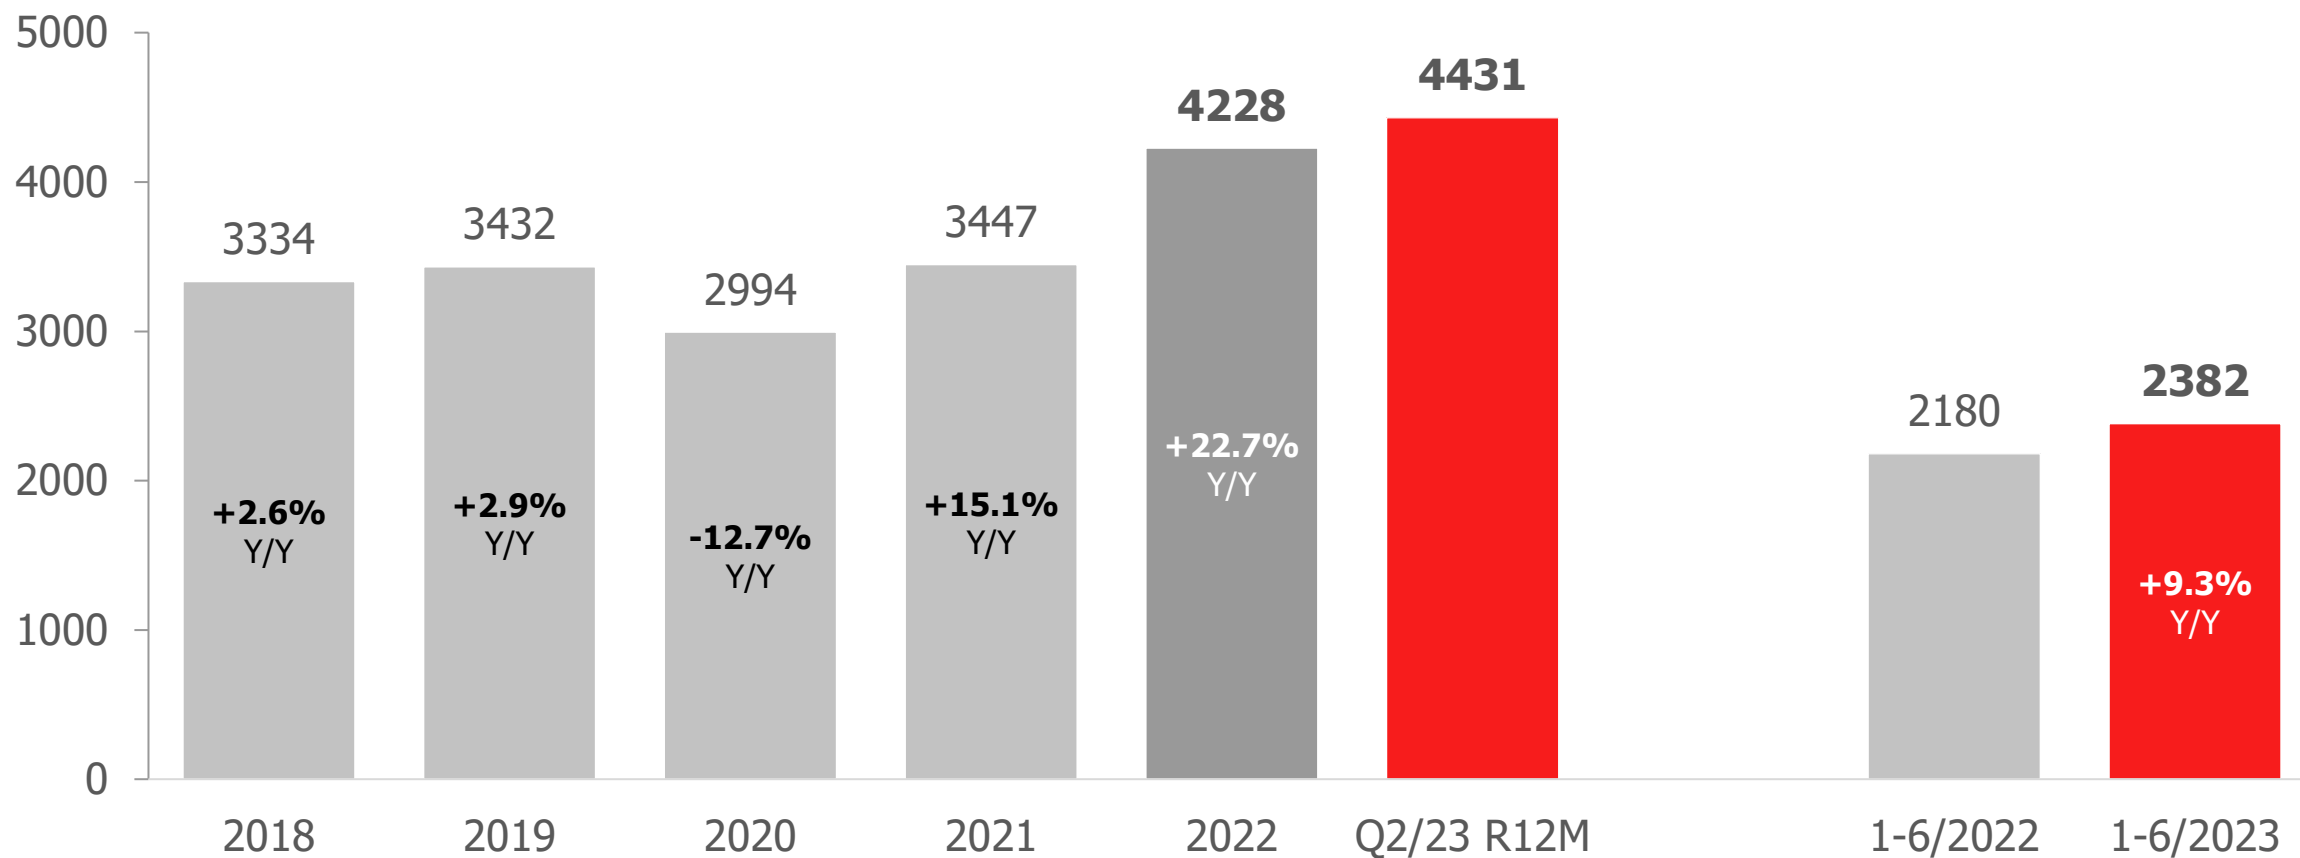

3. Key financials development

Order intake

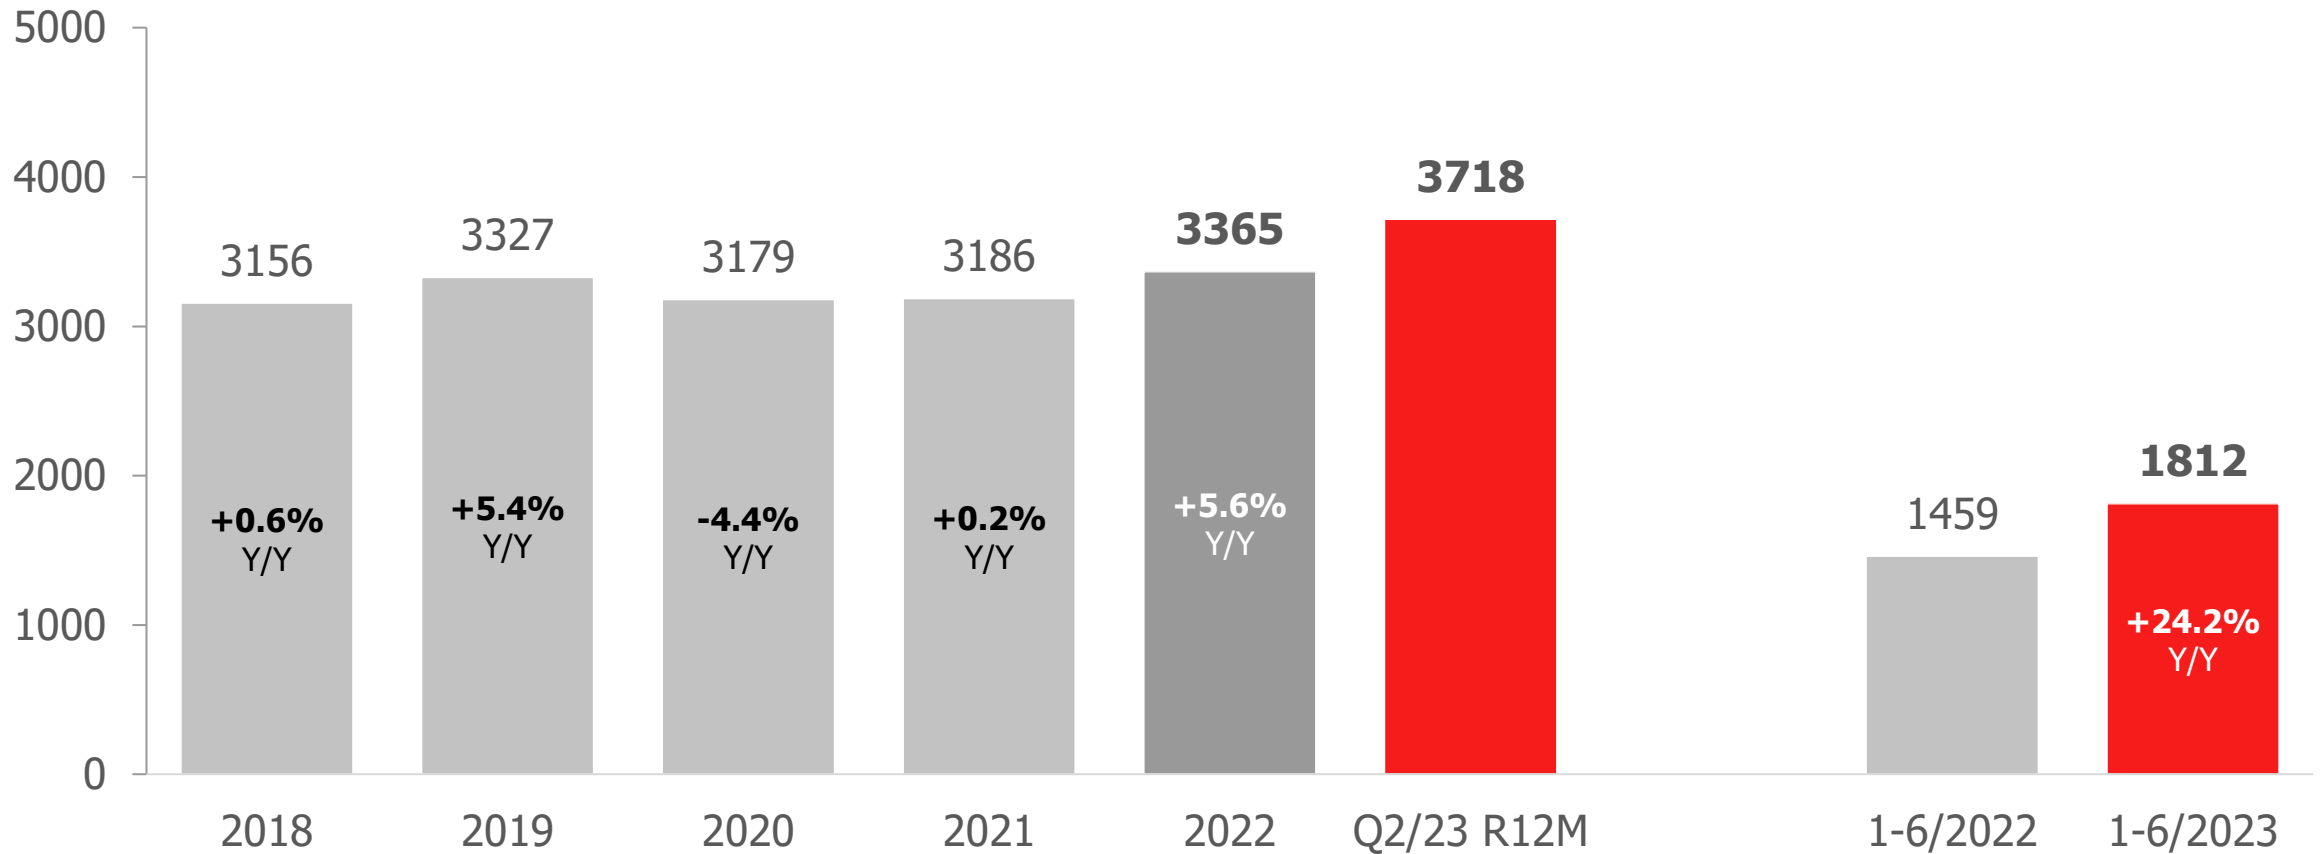

MEUR⁽¹⁾

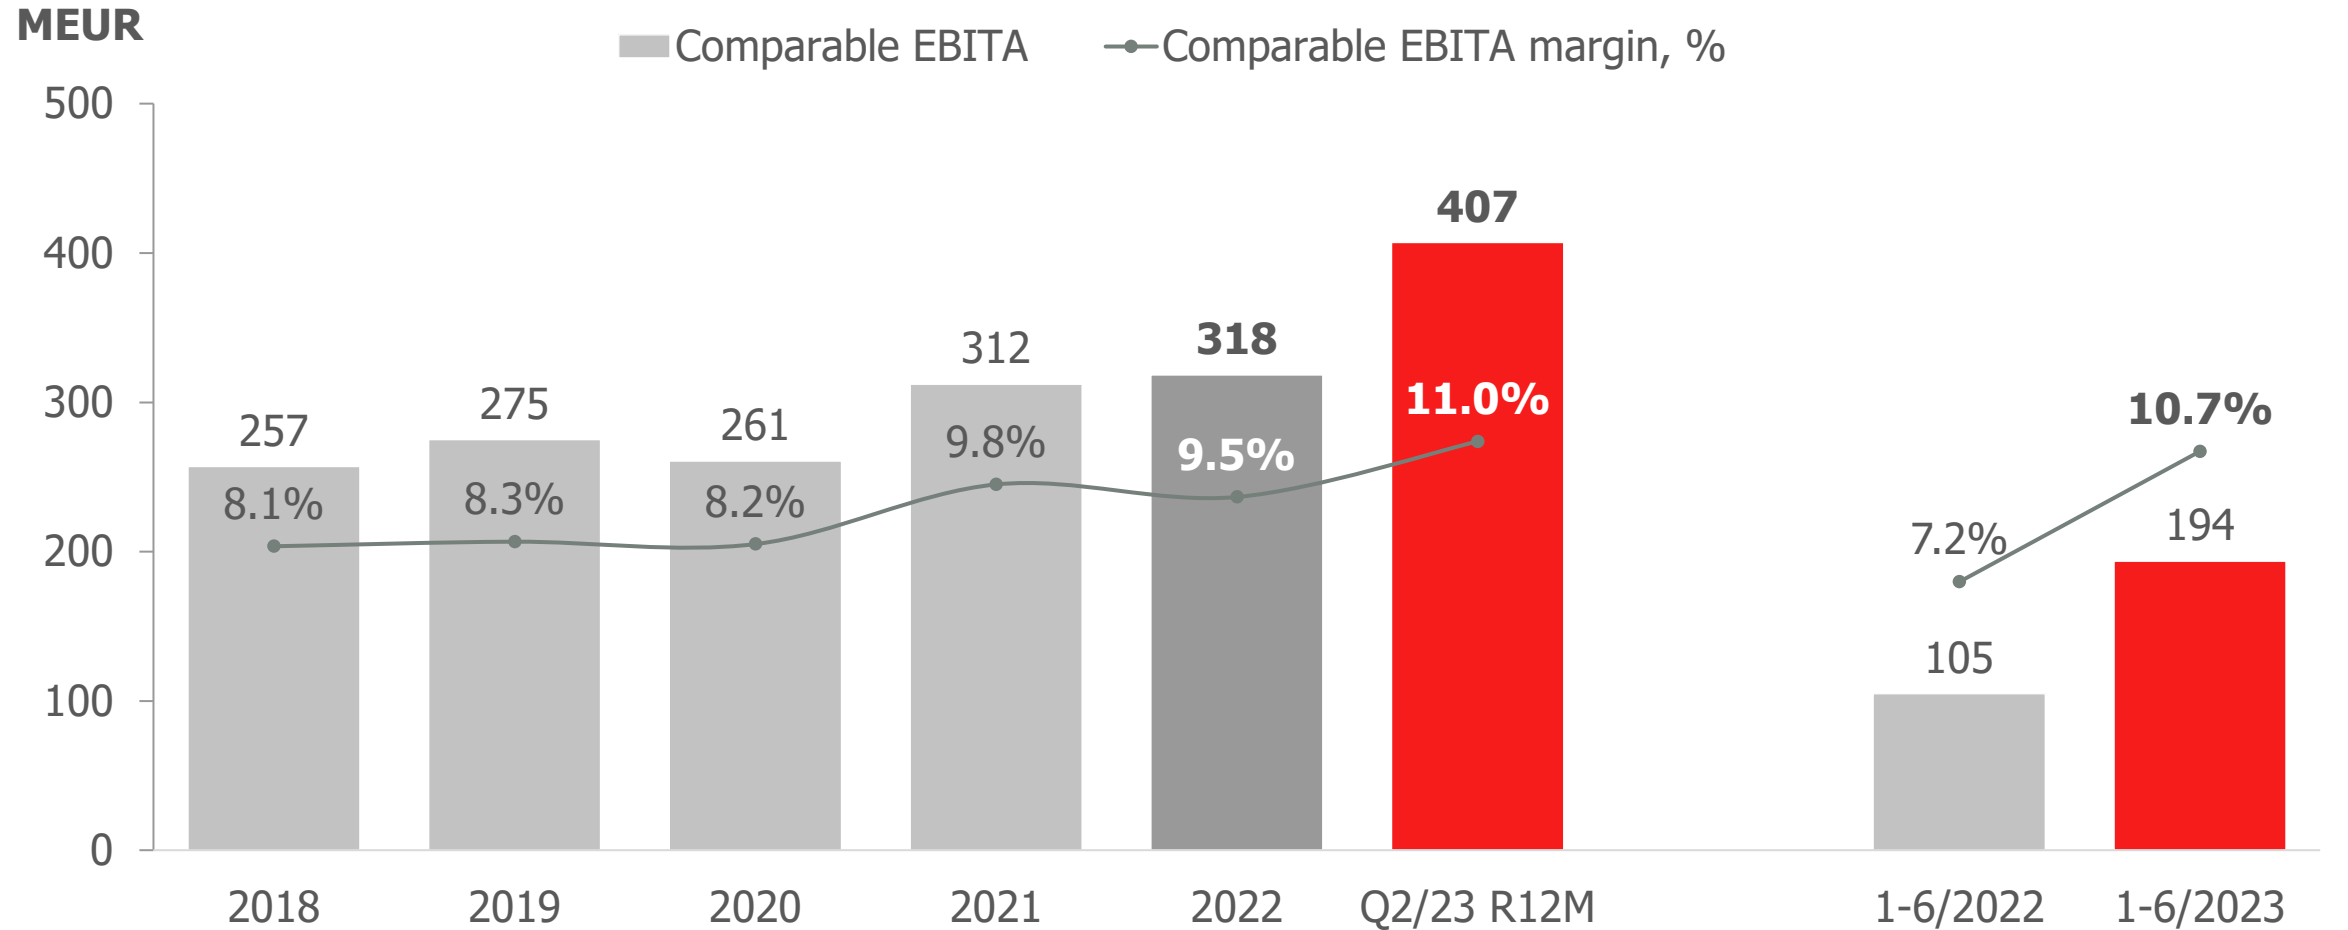

Note (1): Agreement base included in orders received from Q1 2023 onwards and historical figures are restated

4. Konecranes as an investment

Konecranes as an investment

Leader in technology

**Strong market position
in all Business Segments**

**Long-term commitment
to sustainability**

**Attractive opportunities
for growth**

**Target for 12-15%
Group comparable
EBITA margin**

**Solid financial position
and dividend**

With many innovative solutions and a solid patent portfolio, we are a technology leader in our industry

Own in-house developed **Core of Lifting...**

GEARS

MOTORS

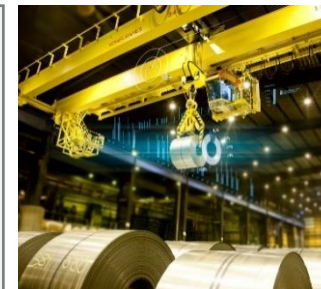

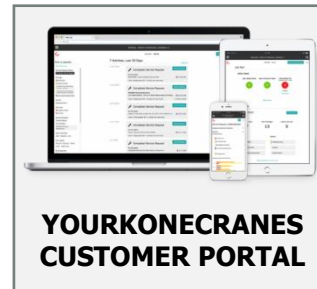

CONTROLS

...key componentry with optimized design, smarter features, better reliability...

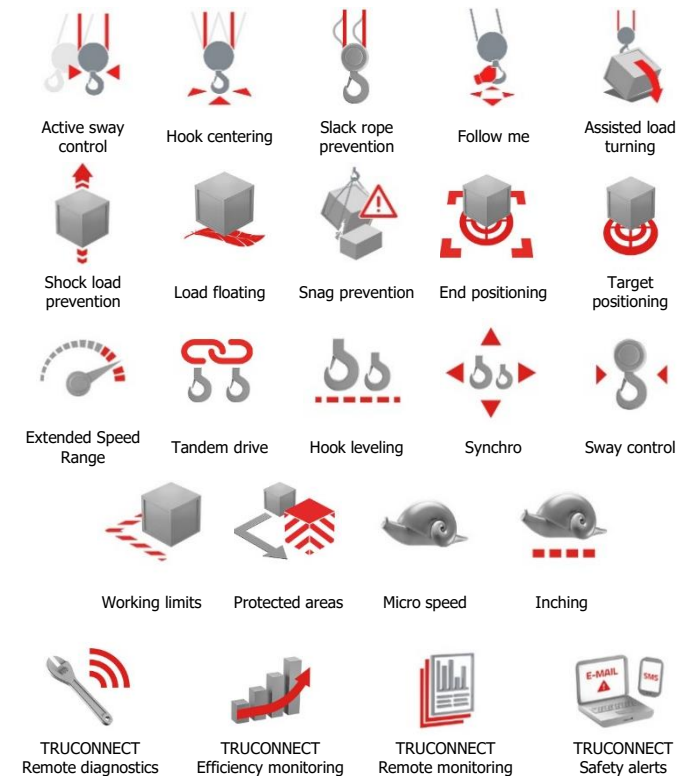

...and used across the whole product range

Smart features & digitalized offering for improved safety and productivity

Access to massive data streams and real-time connectivity enables preventive and predictive maintenance solutions for highest lifecycle value

Konecranes Smart features

We have a strong market position in all of our three segments

Service

- Our **global branch network** is unique in the industry – there is **no global or regional competition** in industrial crane maintenance

Industrial Equipment

- Our **family of leading brands** secures our position as the **global market leader** in industrial cranes

Port Solutions

- We rank market **number 1-3** in **all product categories** for port and container terminals

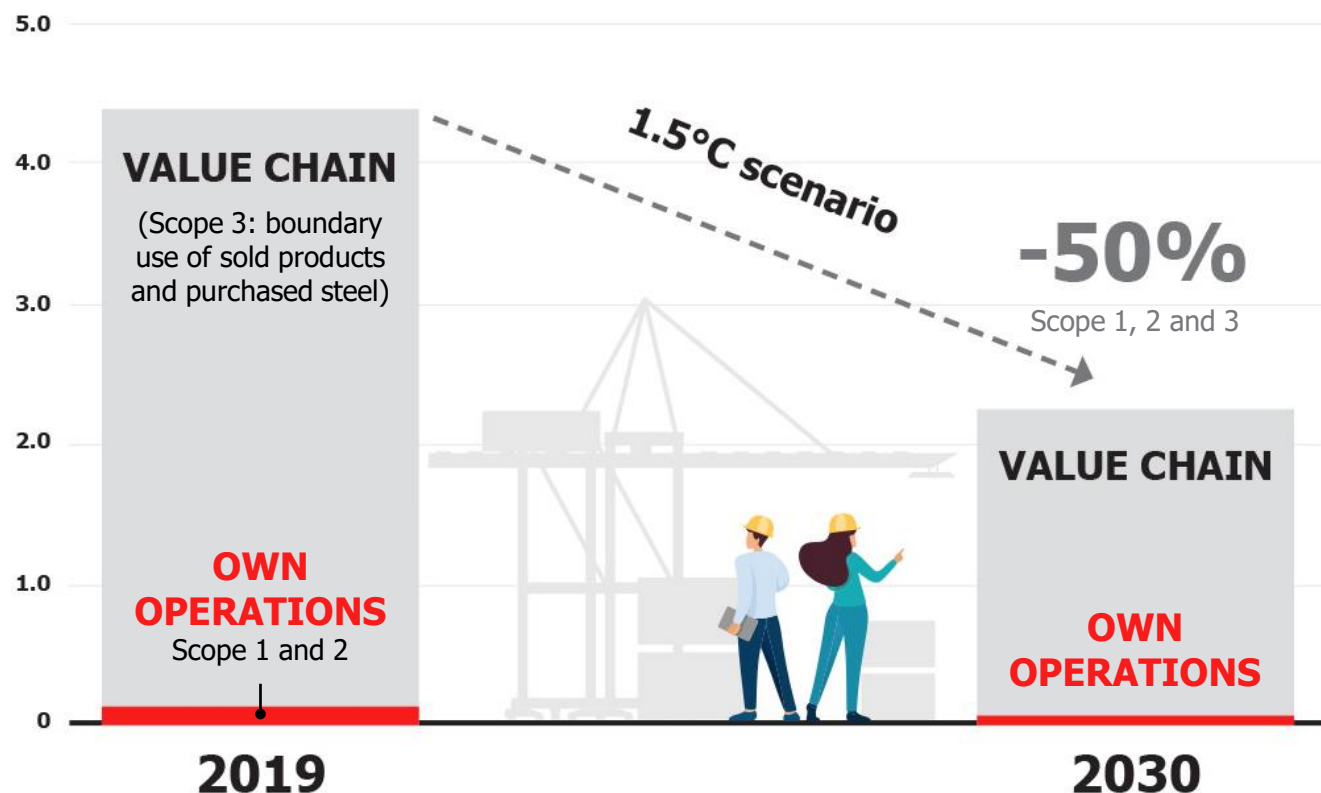

Illustrative competitive landscape

Konecranes works for a decarbonized and circular world

New climate targets aligned with limiting global warming to 1.5° C

Million tons of CO₂e

Focus of pathway activities

Introducing new technological innovations to reduce dependency on fossil fuels

Applying smart product design focusing on energy efficiency, durability and maintainability

Optimizing material flows with automation and digital solutions

Purchasing steel from suppliers with minimum emissions

Investing in renewable electricity and energy efficiency in own operations

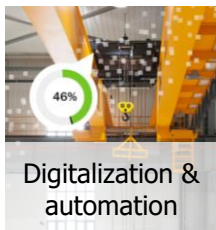

Note: All Konecranes' sustainability targets are listed on Konecranes' Investors website: <https://investors.konecranes.com/sustainability> and in the Sustainability Report

Konecranes is a global leader in material handling solutions, serving a broad range of customers across multiple industries

Megatrends driving our business

Sustainability

Digitalization & automation

Geopolitics & macroeconomics

Demand drivers

- The world is facing an increasingly acute challenge to provide materials and goods that are essential for people while preserving scarce resources and limiting emissions
- Demand driven by market conditions in manufacturing industries and container handling industry
- New equipment investments to expand capacity or replace old existing equipment
- New investments are cyclical and varies depending on the economic environment
- Increasing demand for higher productivity, safety and eco-efficiency presents growth opportunities

Service

Sales growth clearly faster than the market¹

- Service Programs renewal / Agreement base expansion
- Enhanced customer experience/journey
- Commercial Excellence / Price Management
- Continued optimization of sales and service delivery
- Equivalent Parts for third party equipment
- Bolt-on acquisitions

Industrial Equipment

Sales growth in line with the market¹

- Focus on improving profitability
- Global leader in sustainable lifting solutions
- Comprehensive offering of standard equipment and process cranes for a full range of industrial applications
- Diversified customer base across industries & geographies

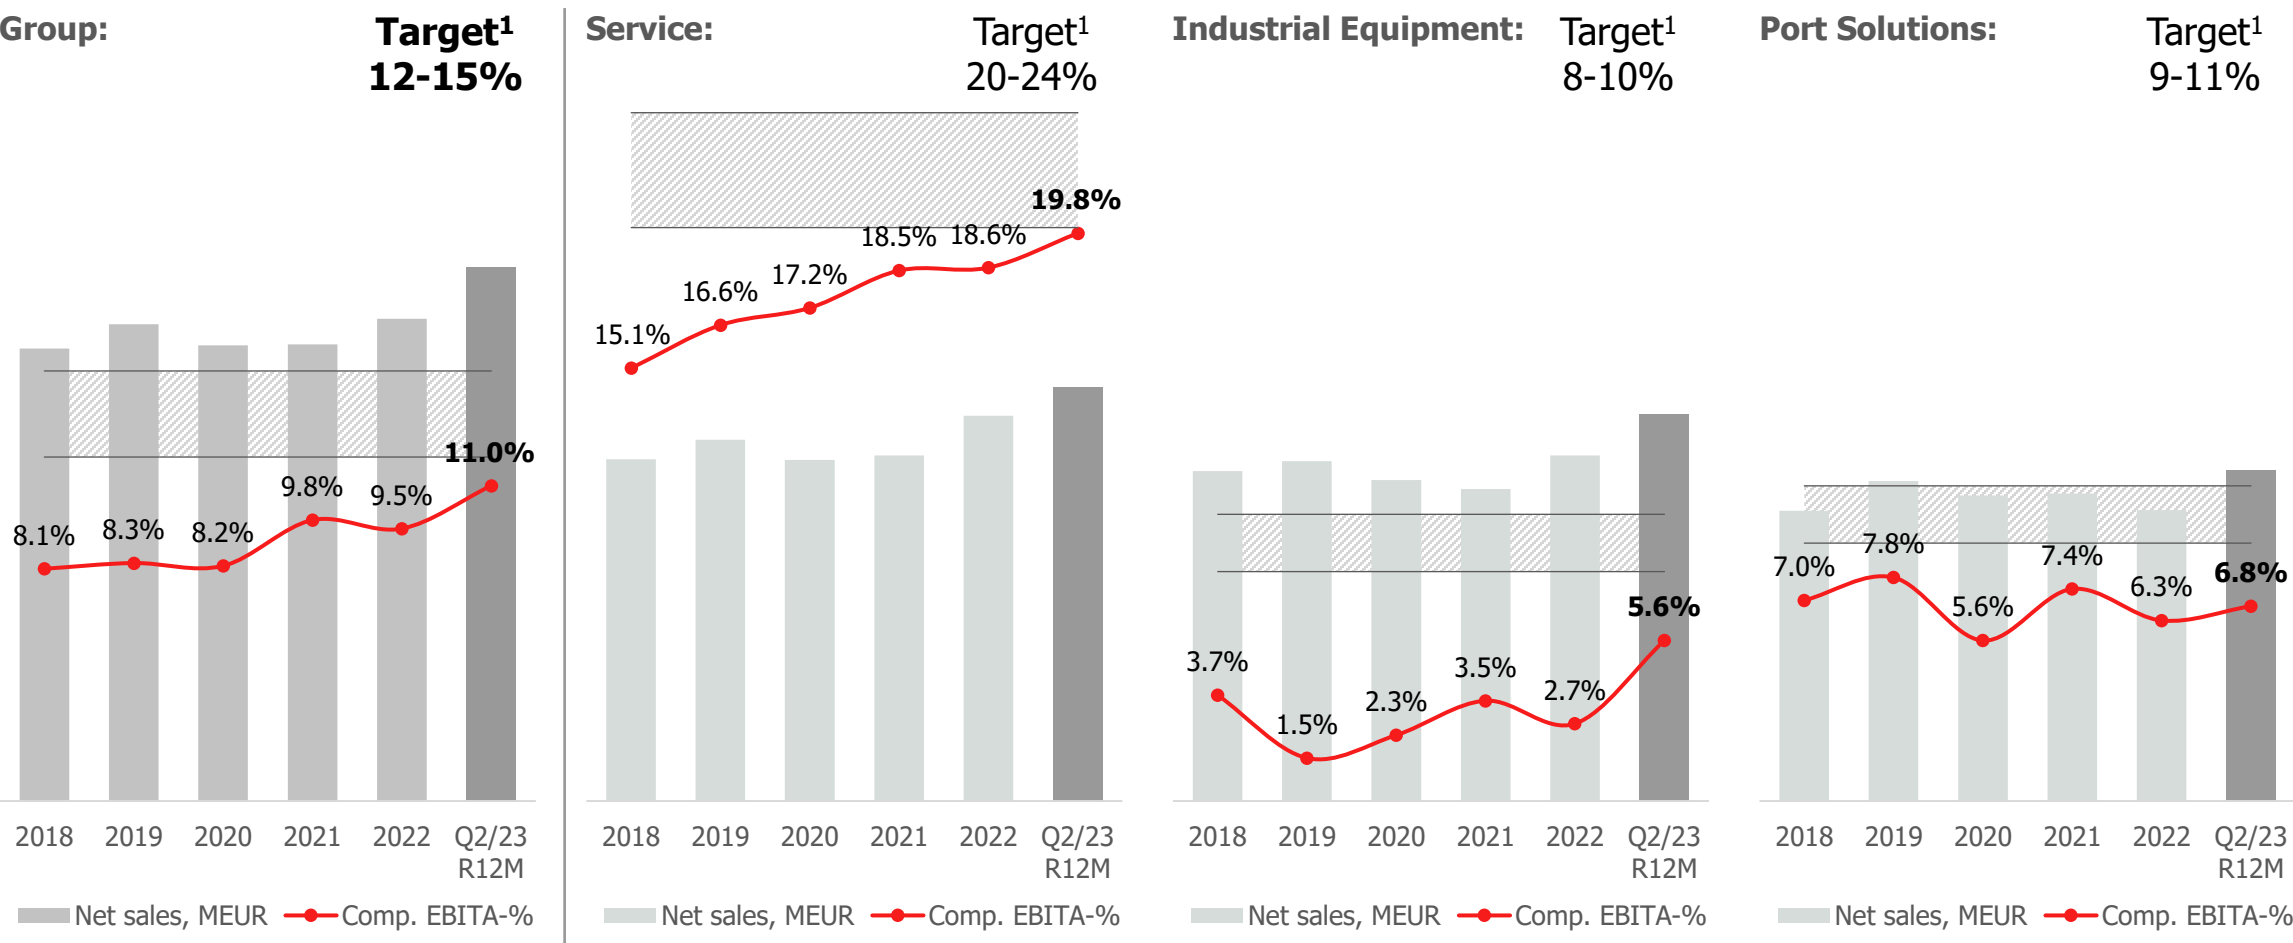

Port Solutions

Sales growth clearly faster than the market¹

- Widest and deepest offering provides good opportunities for growth and to increase market share
- Clear growth plan for Port Services
- Automation and customers' commitments to sustainability drive growth, and we have leading offering

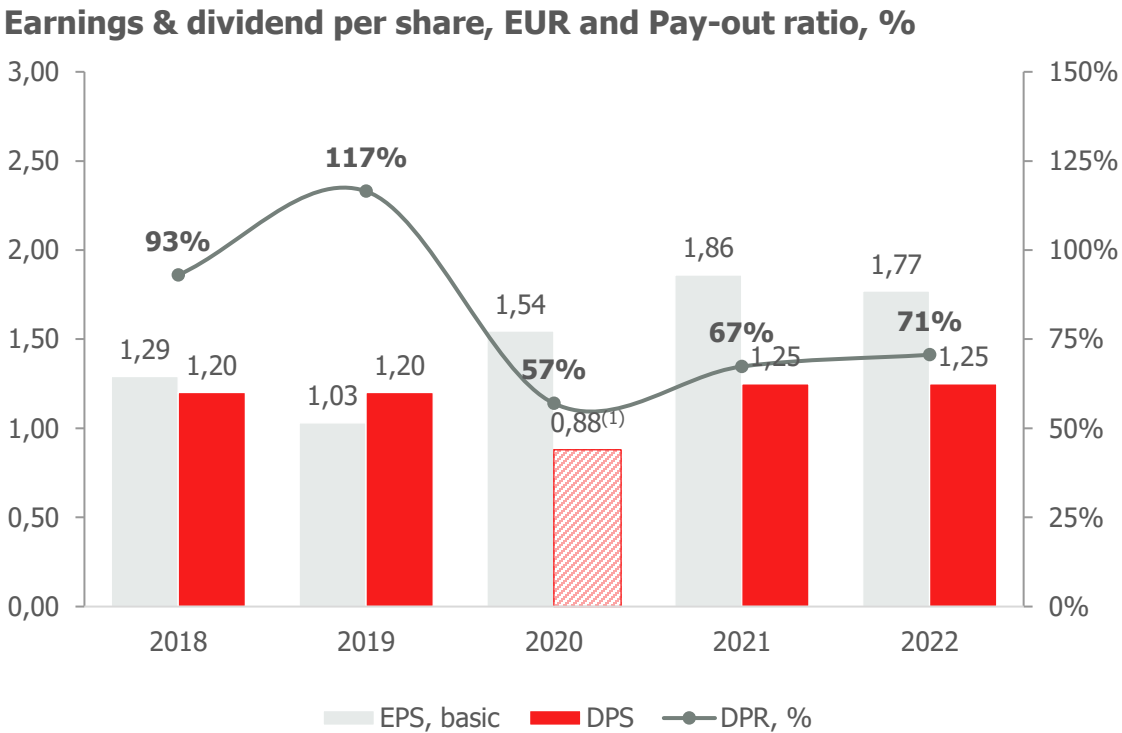

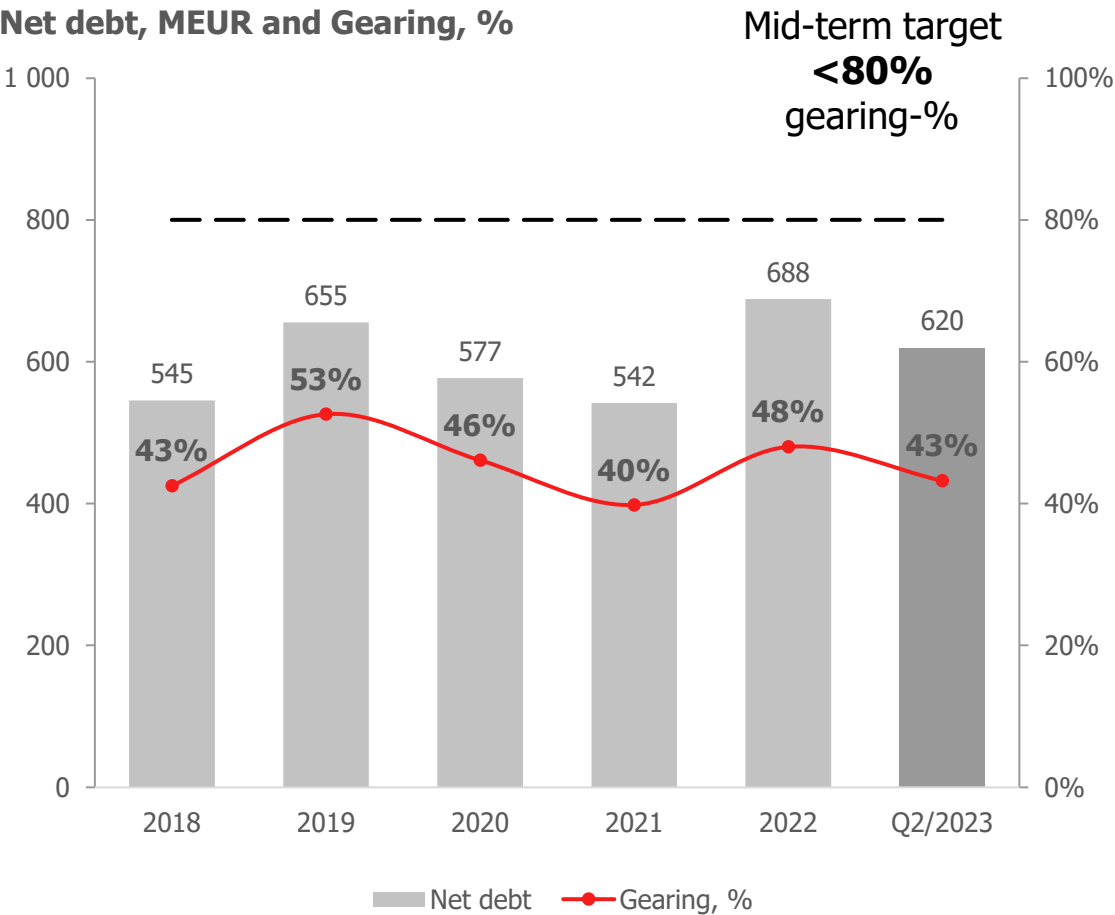

¹ nominal world GDP growth, IMF World Economic Outlook

Comparable EBITA margin of 12-15% as soon as possible, but no later than in 2027

¹ profitability range, depending on the cycle

A healthy balance sheet enabling long-term development & growth, and a stable to increasing dividend to shareholders

Konecranes aims to pay a **stable to increasing dividend per share, over the cycle**

Note (1): For 2020, the dividend was in accordance with the Combination Agreement, the planned merger with Cargotec was cancelled in Mar-2022

Konecranes as an investment

1. Leader in technology

- Own key componentry: gears, motor and controls enable optimized design, smarter features and better reliability.
- Digitalized product offering for improved safety and productivity.
- Access to massive data streams and real-time connectivity enables preventive and predictive maintenance solutions for highest lifecycle value.

4. Attractive opportunities for growth

- Significant growth potential in Service with the expansion of Konecranes' unparalleled service offering to our own as well as third-party installed base.
- Automation and customers' commitments to sustainability, as well as our widest and deepest offering provide good opportunities for growth in Port Solutions

2. Strong market position in all Business Segments

- In Service, we are the market leader with our unique global service branch network and unmatched service offering. There is only limited global or regional competition in industrial crane maintenance.
- Our family of leading brands secures our position as the global market leader in industrial cranes.
- We rank #1–3 in the market in all product categories for ports and container terminals.

5. Target for 12-15% Group comparable EBITA margin

As soon as possible, but no later than in 2027. Profitability range, depending on the cycle.

- Margin improvement mainly driven by simplification of go-to-market model and product platform harmonization in Industrial Equipment
- Margin improvement mainly driven by sales growth in Service and Port Solutions

3. Long-term commitment to sustainability

- We enable a decarbonized and circular world; We deliver safe and secure material handling solutions; We create a fair, inclusive, diverse and engaging working environment; We expect the highest ethical standards of ourselves and our business partners
- Konecranes aims to have carbon neutral own operations by 2030 and continues the work to reach its science-based targets, in line with limiting global warming to 1.5°C

6. Solid financial position and dividend

- Healthy balance sheet, providing a good base for long-term development and growth.
- Konecranes aims to pay a stable to increasing dividend per share, over the cycle. The dividend for 2022 was EUR 1.25 per share.
- For the 2007–2022 period, the average dividend pay-out ratio was 88 percent of earnings.

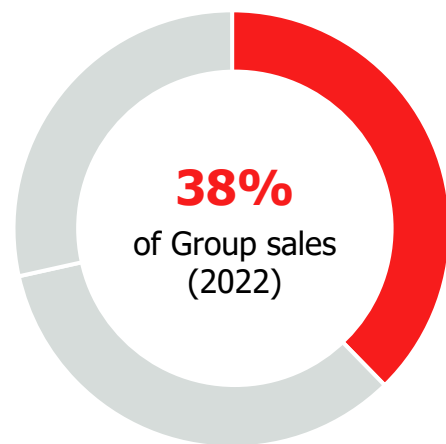

5. Segment overviews

Service

Service in brief

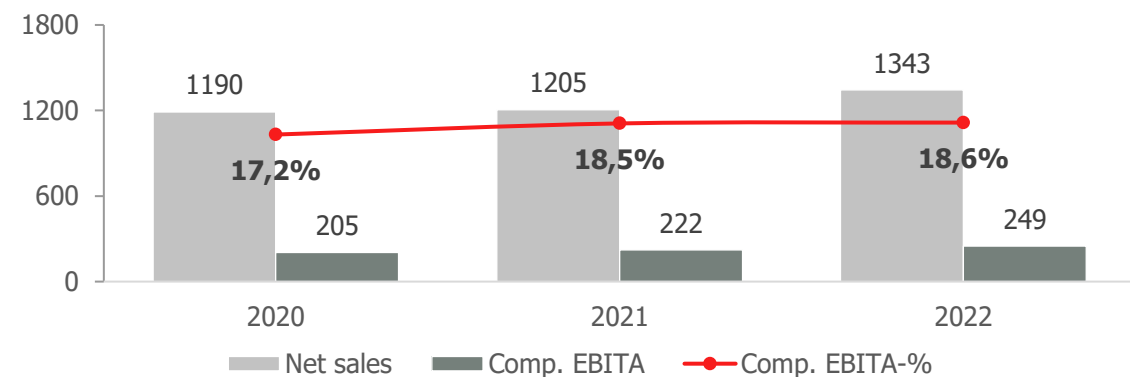

7,859
employees (end of Q2 2023)

1,343.3
net sales, MEUR (2022)

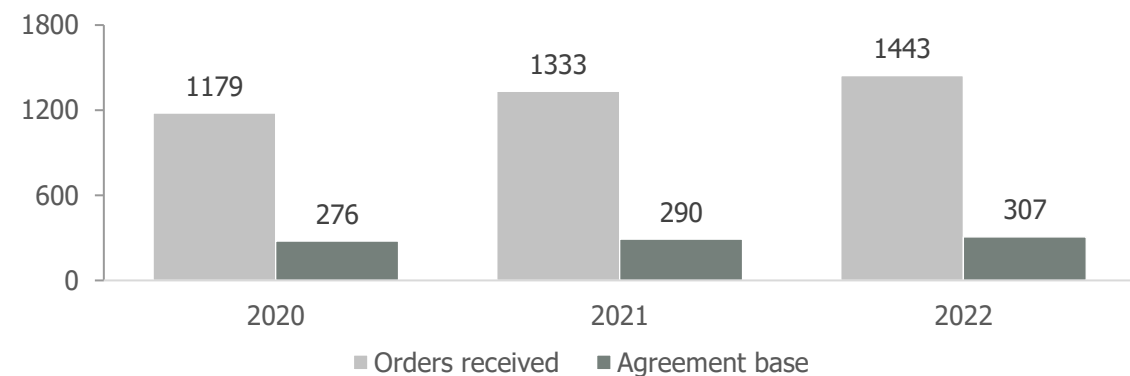

18.6%
comp. EBITA margin (2022)

- Konecranes is a market leader in crane service with one of the world's most extensive service networks
- Service provides industry-leading maintenance services for all types and makes of industrial cranes and hoists
- Our objective is to improve the safety, productivity and sustainability of our customers' operations
- Lifecycle Care is our comprehensive and systematic approach to managing customer assets; we connect data, machines and people to deliver a digitally-enabled customer experience in real time

Key financials, MEUR

Orders received and agreement base, MEUR⁽¹⁾

Note (1): Agreement base included in orders received from Q1 2023 onwards and historical figures are restated

Service: focus on growth

SERVICE

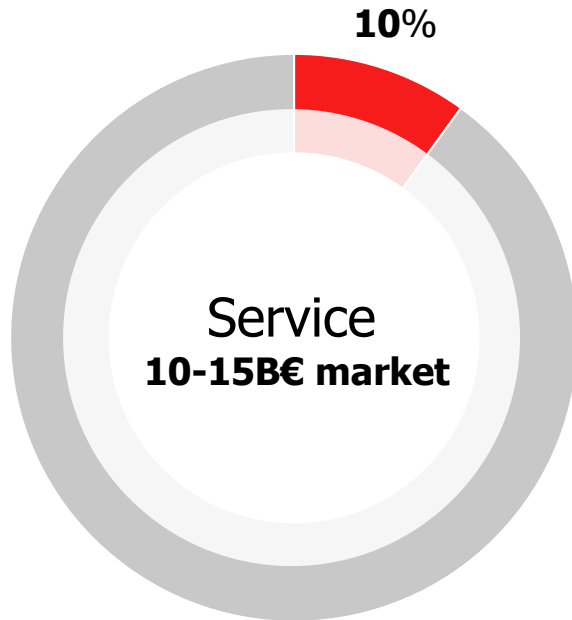

- Service Programs renewal / Agreement base expansion
- Enhanced customer experience/journey

Agreement base breakdown by hoist brand and coverage ratios by asset brand

Agreement base / breakdown by hoist brand

- Approximately 45% of the hoisting machinery in our agreement base was manufactured by the Konecranes Group; the other 55% by third parties.
- Hoists can be replaced when they reach the end of their service life or even before then in order to improve safety, productivity and sustainability and/or reduce maintenance costs.

Agreement base / asset coverage by asset (crane) brand

- Coverage is based on the estimated asset installed base in operation.
- 1KC asset definition is applied. Asset generally refers to the crane: industrial crane, light crane system, jib crane, etc.
- A single asset may have multiple hoists. Hoists have a much shorter life than the crane (structure). Hoists may be replaced several times over the life of the crane.

Achieving organic Service growth

1. Expand agreement base

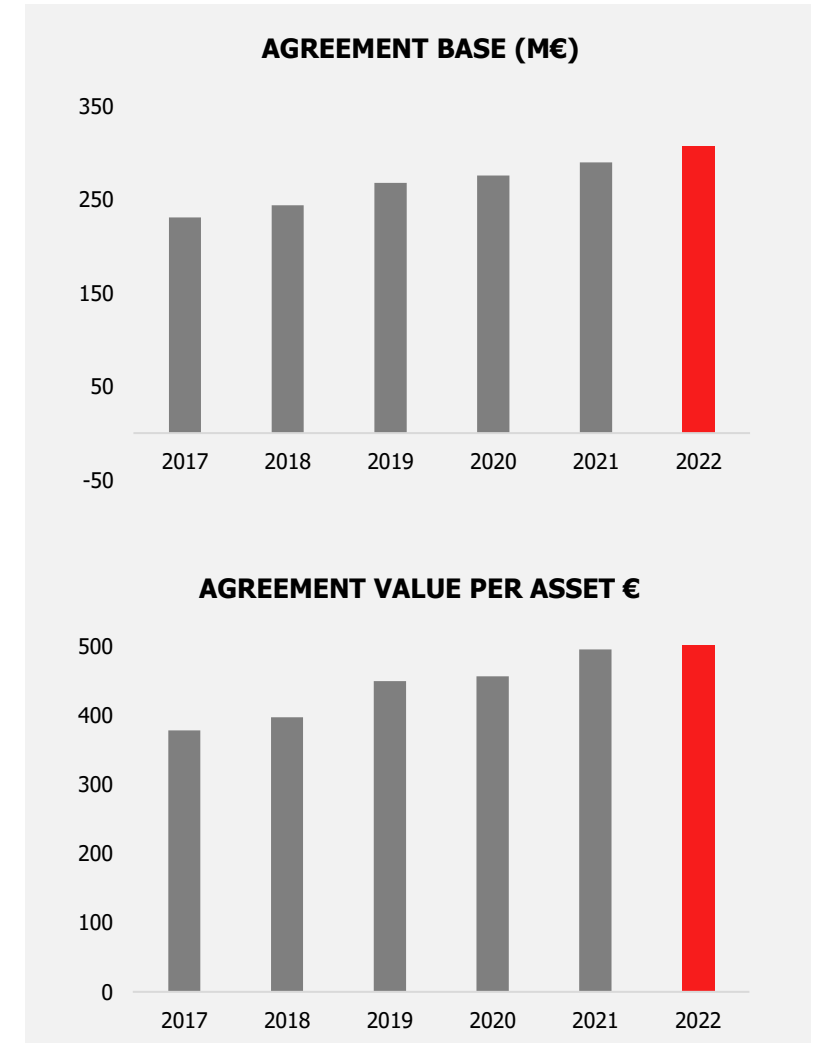

- Renewed/targeted Service Programs
- Comprehensive agreements for critical/production assets with larger accounts
- Enhanced customer experience driving customer retention

2. Continuously improve sales efficiency, planning and service delivery

- Sales model evolution - leveraging inside sales and customer support
- “Smart” planning tools, automated quotations, and configurator enhancements
- Next generation field mobility tools and parts delivery concept

3. Expand focus on third party equipment

- Equivalent replacement parts
- Hoist and component replacements, retrofits and modernizations
- New equipment (light lifting equipment and cranes)

Renewed Service Programs – each tailored to a different customer segment to enhance customer experience and retention

CONDITION

Inspection/Routine Maintenance Program

Addresses safety and compliance requirements and is streamlined with a digital and automated process.

CARE

Preventive/Predictive Maintenance Program

Optimize asset performance and improve safety, productivity and sustainability with digital and advanced services to support predictive maintenance.

COMMITMENT

Comprehensive Maintenance Program

Outsourced asset management is tailored to industry and application requirements to achieve the highest lifecycle value.

COMPLETE

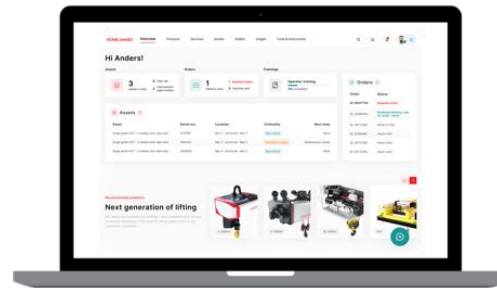

Comprehensive Maintenance & Operations Program

Complete outsourcing of equipment maintenance and operation, collaboration to establish material handling and performance objectives and extend lifecycle value and total cost of ownership for the entire operation.

Digital enablers in Service – Helping us enhance the customer experience and to deliver services more efficiently

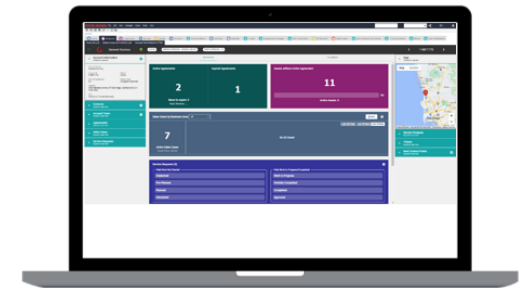

UNIFIED CUSTOMER PORTAL

- Engaging content focused on customer needs
- Self-service tools for quicker contact and support
- Full relationship view

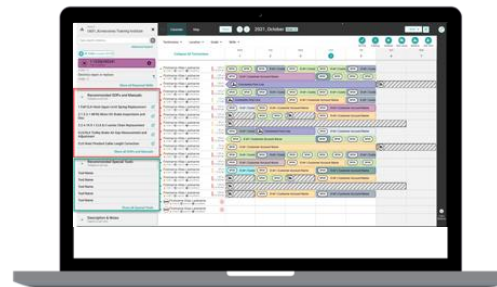

CUSTOMER ENGAGEMENT / SALES ENABLEMENT / OFFER CONFIGURATION

- Consolidated customer account information in one view with visibility to sales cases, service requests, etc
- Configure quotes and share relevant content to customers

SMART PLANNING

- Schedule work aligned with technician proximity, skill and material availability
- Optimized for most efficient customer response time

NEXT GENERATION MOBILITY APPS FOR FIELD OPERATIVES

- Guides behavior, provides feedback, and ensures process adherence
- Intelligent troubleshooting platform helps diagnose and repair in the field
- Live tech support available via video

Acquisition opportunities across various sectors

BOLT-ON ACQUISITIONS

- Targeting installed base, service opportunities
- Adding certain customer segments and field technical resources
- Able to quickly integrate creating significant synergy potential
- Recent case: Whiting

TECHNOLOGIES / CAPABILITIES

- Industrial automation, systems integration, material flow simulation
- Opportunity to offer a holistic solution to the customer to optimize production and intralogistics

NEW MARKET ENTRY / EXPANSION

- Significant markets where we have little or no presence

COMPLEMENTARY PRODUCTS & SERVICES

- Manual products, slings and accessories, industrial inspections
- Many of these products and services are currently being offered but not to a wide extent

Technicians are at the heart of our success and key to our growth

IMPROVE PRODUCTIVITY

Field operative time and tasks focused on our customers and their assets

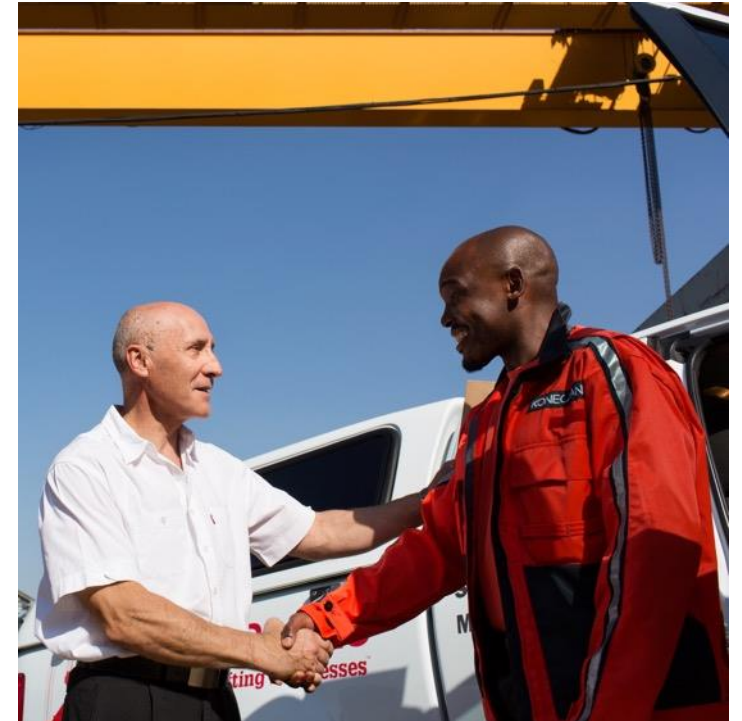

INCREASE RETENTION

Continuously improving the employee experience

ACTIVELY RECRUIT

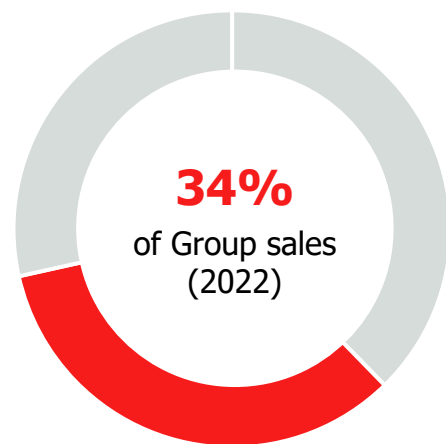

Always searching for our future talent

5. SEGMENT OVERVIEWS

Industrial Equipment

Industrial Equipment in brief

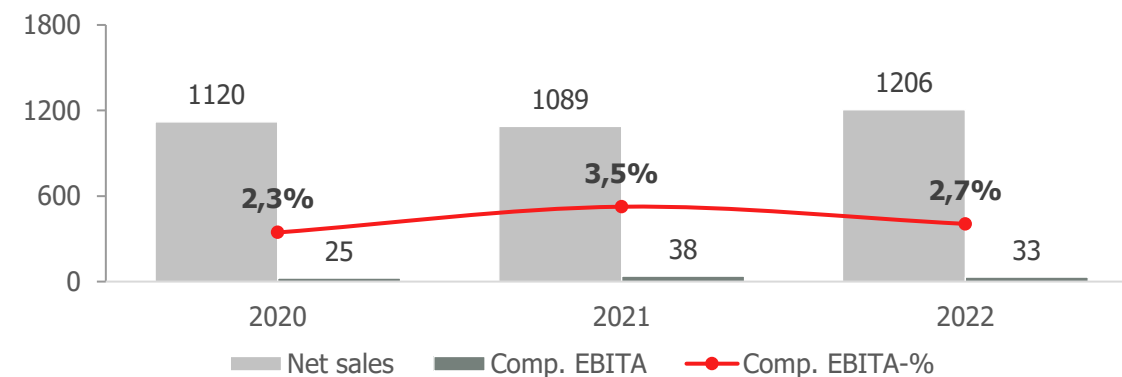

5,240
employees (end of Q2 2023)

1,205.6
net sales, MEUR (2022)

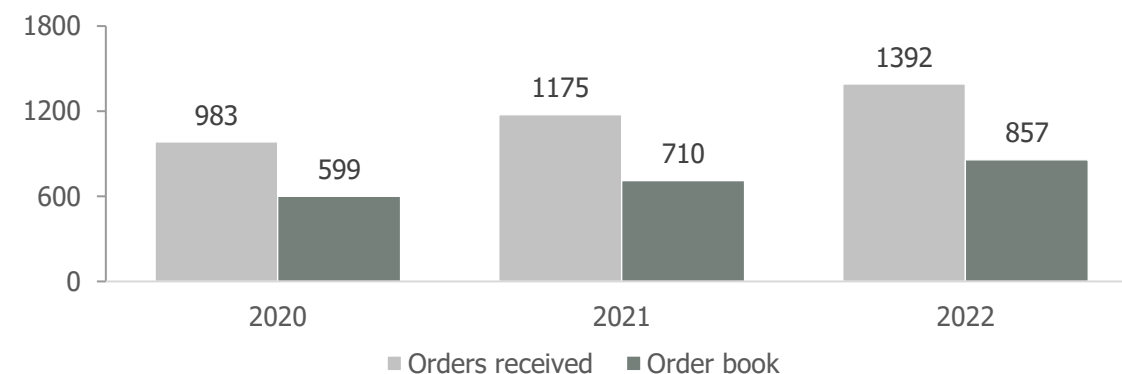

2.7%
comp. EBITA margin (2022)

- Konecranes is one of the world's largest suppliers of industrial cranes and wire rope hoists and a technology leader with digital controls, software and automation
- Industrial Equipment offers hoists, cranes and material handling solutions for a wide range of customers from General Manufacturing to various kinds of process industries like Waste-to-Energy, Paper and Forest, Automotive and Metals Production
- Products are marketed through a multi-brand portfolio

Key financials, MEUR

Orders received and agreement base, MEUR⁽¹⁾

Note (1): Agreement base included in orders received from Q1 2023 onwards and historical figures are restated

Industrial Equipment: focus on profitability

EQUIPMENT

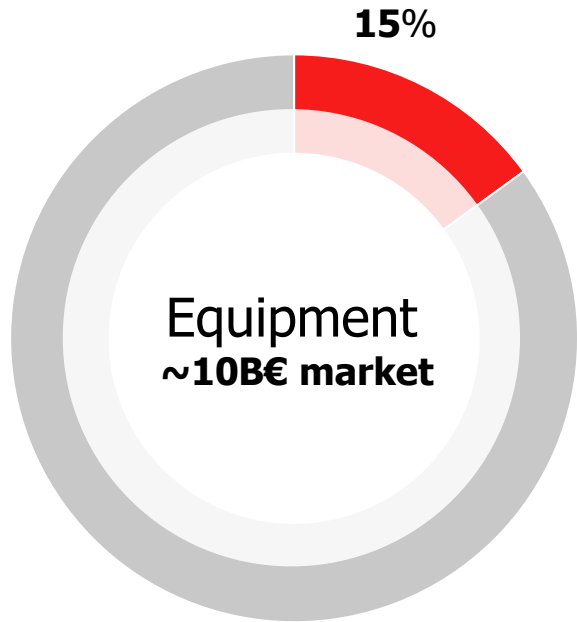

- Go-to market / operating model simplification
- Platform harmonization/rationalization
- Commercial Excellence / Price Management
- Renewed offering
- Supply chain efficiency / Operational Excellence
- Portfolio optimization
- **Equipment profitability:** comparable EBITA margin of 8-10%²
- Sales growth in line with the market¹

¹ nominal world GDP growth, IMF World Economic Outlook

² as soon as possible, but no later than in 2027. Profitability range, depending on the cycle.

Global market leader in industrial cranes

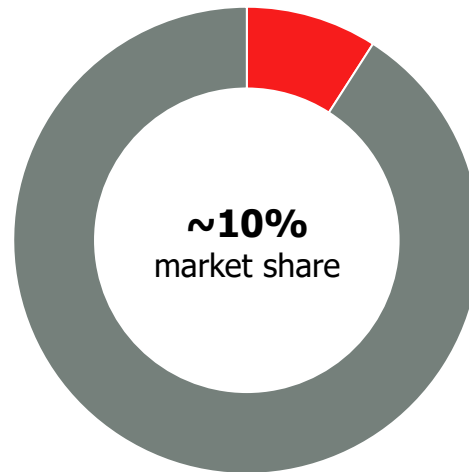

Industrial Equipment market

Equipment market share is adjusted for hoist and component packages sold through Alpha channel i.e., equivalent "crane units."

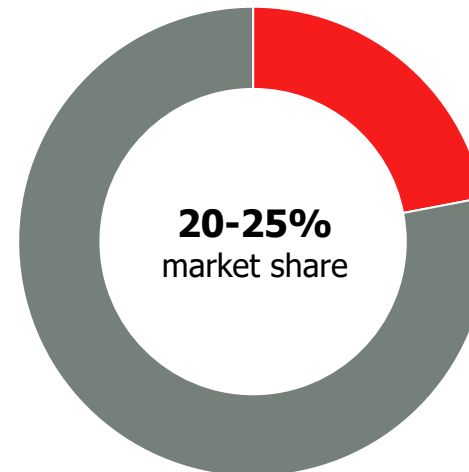

¹ Market share of CTO/WRH includes estimated crane volume from sold hoists through the Alpha channel. 15% of sold solo hoists are assumed to be for replacement purposes and a crane would need in average 1.15 hoists.

LIGHT LIFTING EQUIPMENT

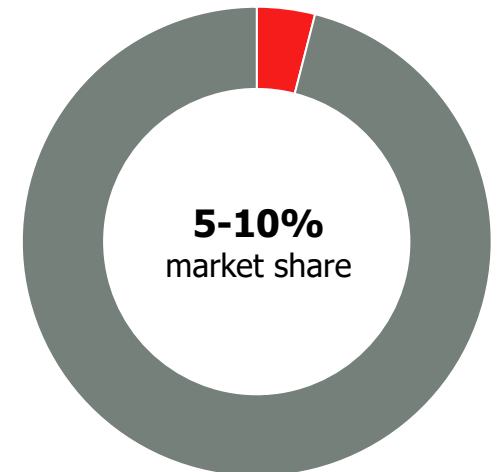

Market size:
~2.5-3B€

STANDARD CRANES/ WIRE ROPE HOISTS¹

Market size:
~4-4.5B€

PROCESS CRANES

Market size:
~2.5-3B€

Industrial Equipment offering – leading provider of industrial cranes

Components

Hoists
(Wire rope hoist, electric chain hoist and winches)

Automotive

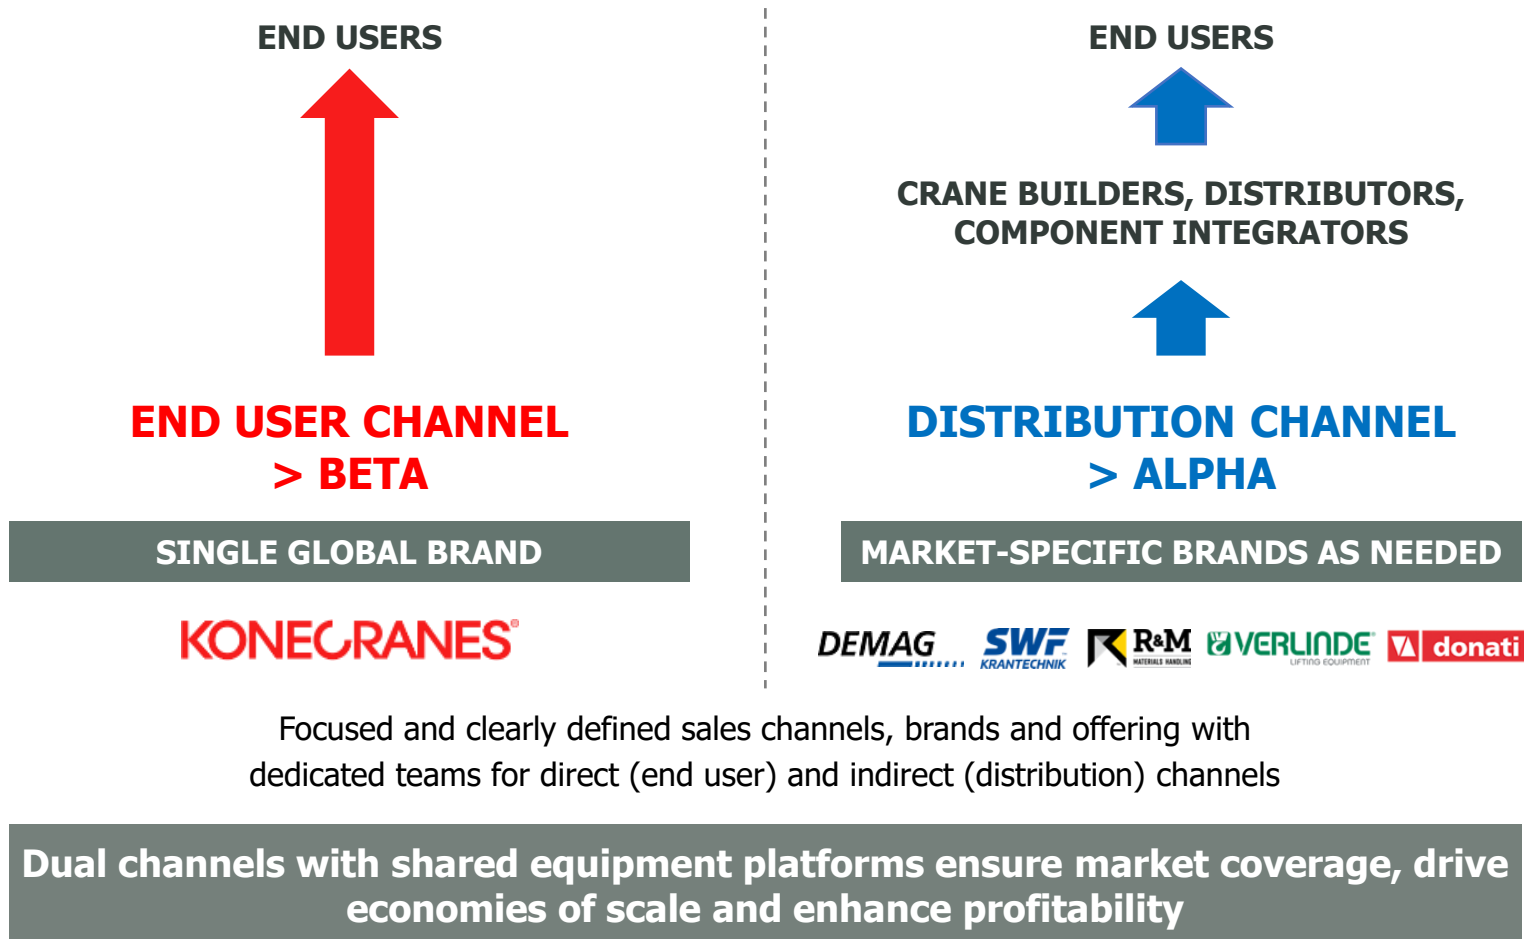

Power & Nuclear

Paper & forest

Petroleum and gas

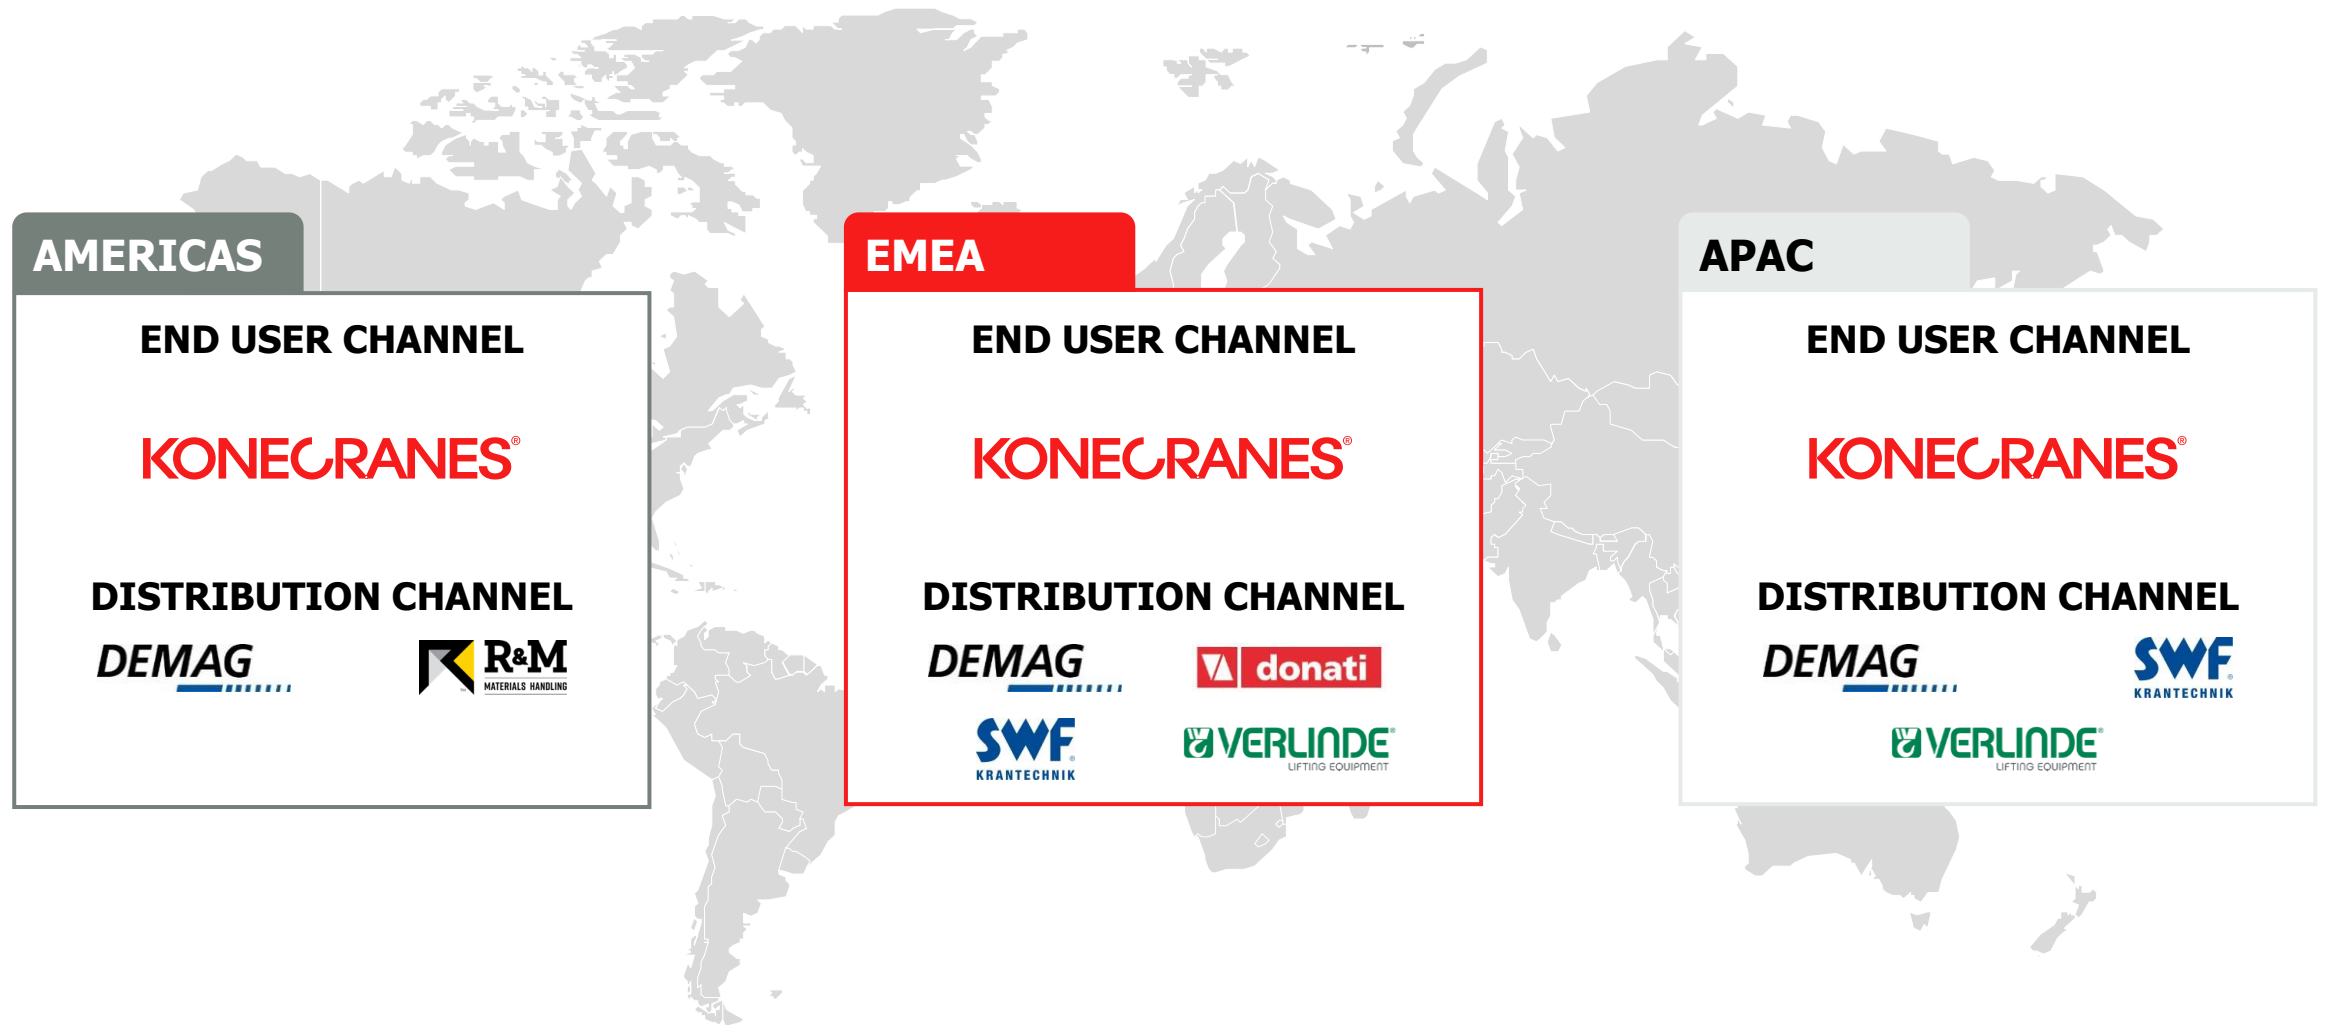

Metals production

Simplifying our go-to-market strategy drives agility and efficiency

- Industrial Equipment consists of three businesses: Components, Standard cranes, and Process cranes
- On average, in the long-term and over the cycle, Industrial Equipment's sales split has typically been approximately:
 - Components business around 25-30%
 - Standard cranes business around 50%
 - Process cranes business around 20-25%

Global presence with strong portfolio of leading industrial crane brands

Product harmonization and digitalization drive profitability

Core of Lifting “purpose built” components enable competitiveness and economies of scale

Next Generation Light Lifting Equipment

Delivering growth opportunities and enhanced profitability

NEW ELECTRIC CHAIN HOIST PLATFORM

- Full range offering: basic/competitive through advanced/premium
- Shared mechanical platforms,
- Differentiation through controls, digitalization, options and services
- Configurable offering drives economies of scale

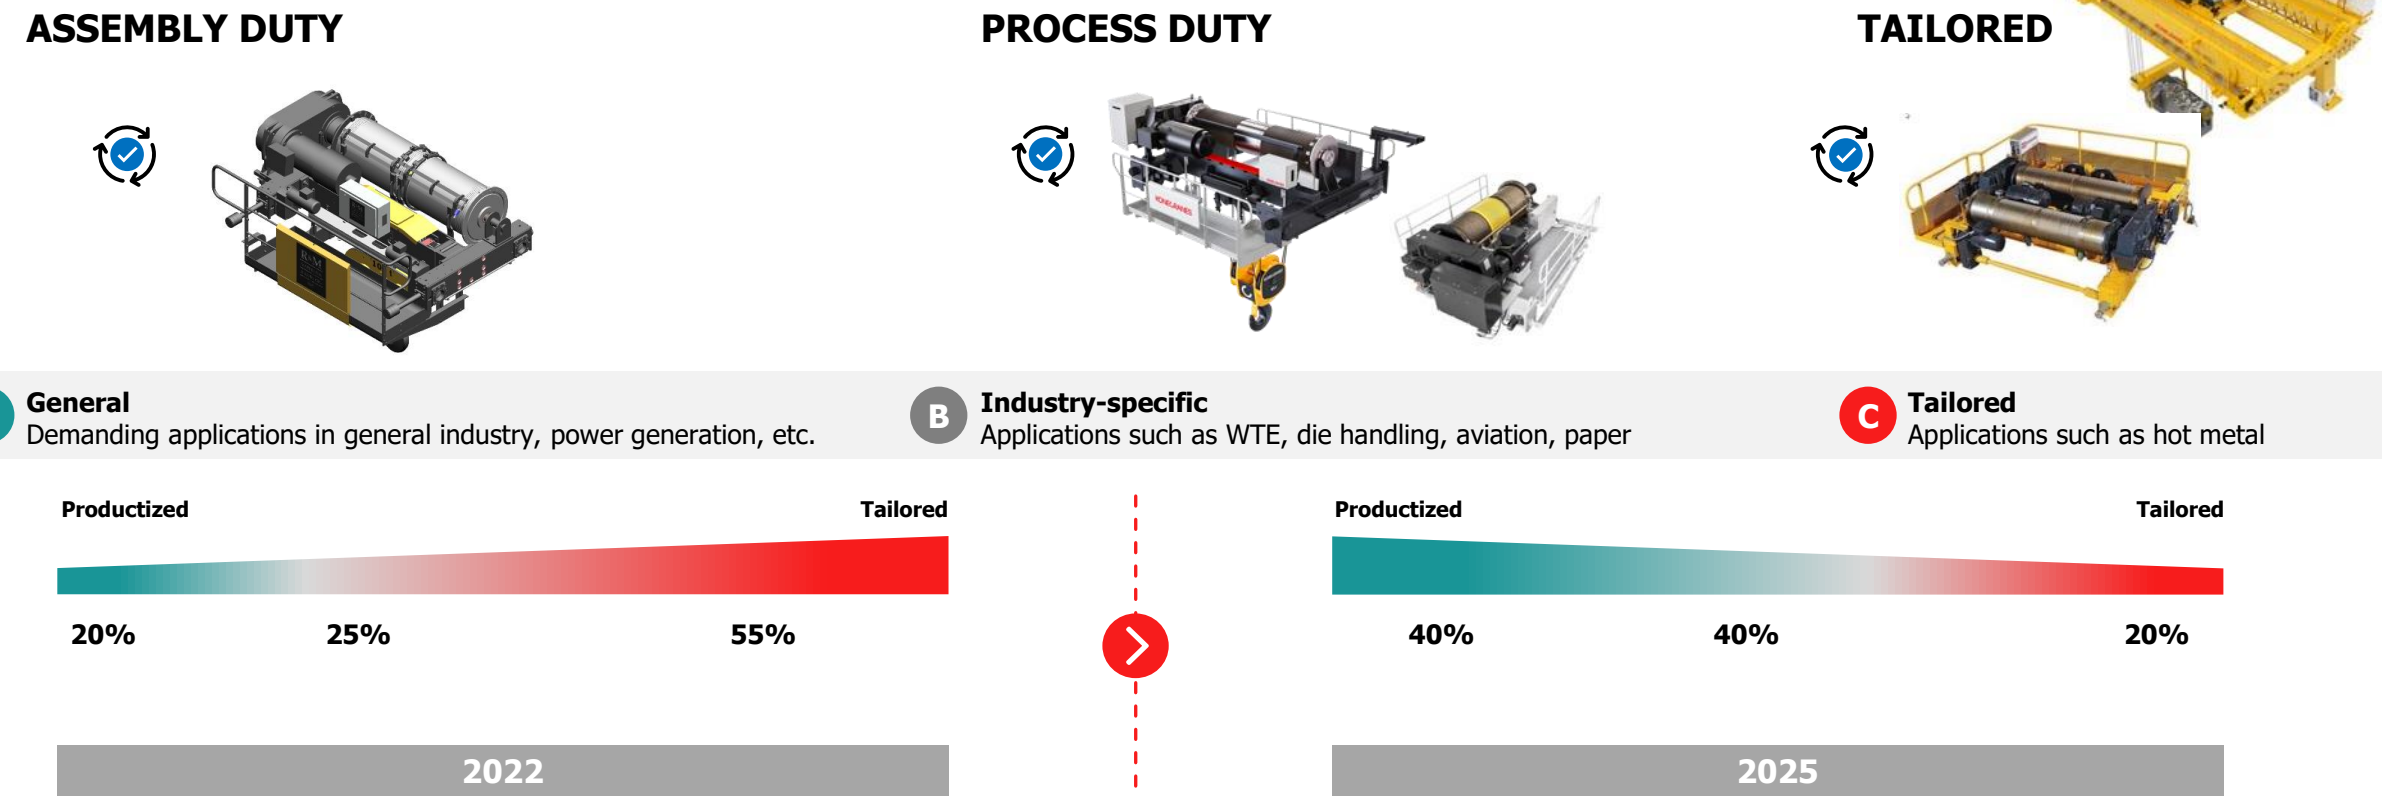

EXPANDED LIGHT CRANE SYSTEM OFFERING

- Expanded range, options and applications
- Free Standing Systems, increased spans, aluminum
- Ergonomics/manipulators, automation, cartesian robots
- Full range extended to Konecranes utilizing well known KBK brand

Process Cranes – improving process cranes profitability through productization, commercial and project management excellence

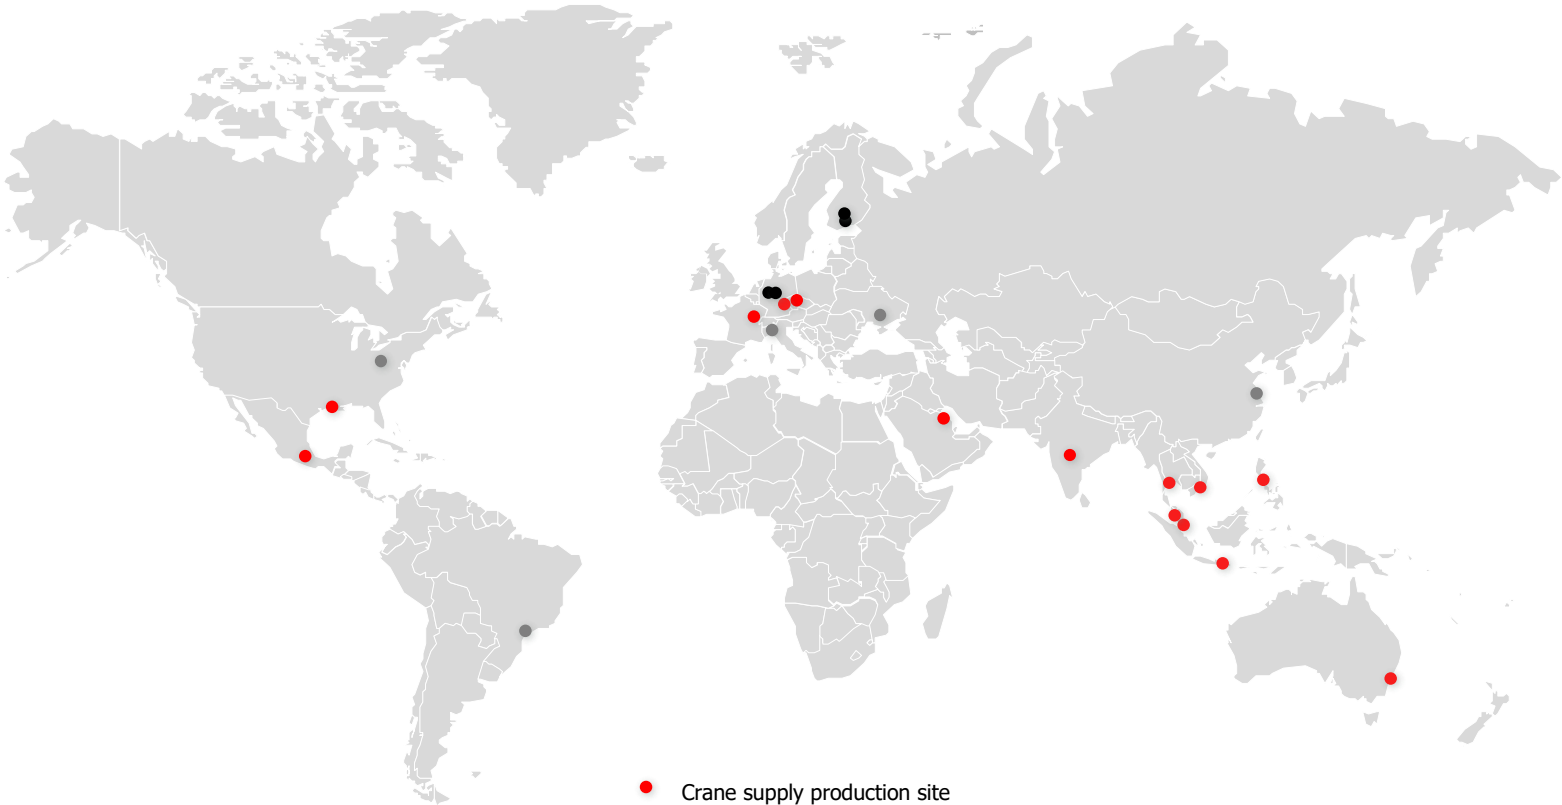

We continue to evaluate our manufacturing footprint to ensure agility and competitiveness in changing environments and conditions

- Crane manufacturing capacity supplemented by subcontracting network
- Component manufacturing centralized in global and regional hubs

Geopolitics

Equipment market position and development

Port Solutions equipment market

Market size/market share includes solutions and equipment. Also segments where Konecranes has no presence.

¹ ~25% market share in stronghold segments

Market continues to grow

- Global Terminal Operators (GTOs) handle 2/3 of global container throughput and drive the growth
- Consolidation of the customer base continues as GTOs expand their global coverage through M&A and expand to broader logistics chain

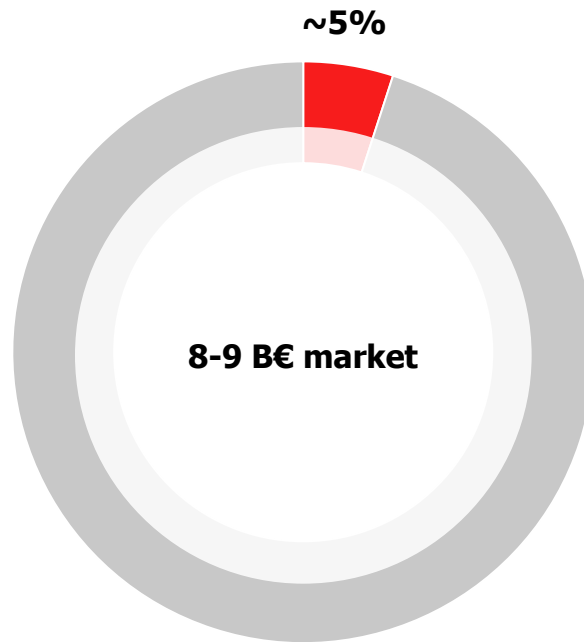

Automation opportunity grows

- Pandemic and labour shortage have increased interest towards automation
- Brownfield automation expected to drive future investments
- Growth 2x times faster than manual equipment market

Increased focus on hinterland terminals

- Search for higher efficiencies in end-to-end logistical chains
- Need for added/sustainable capacity

Port Services market position and development

Port Services market expected to grow

- Majority of total market is today in-house/insourced
- Inland terminals more geared for outsourcing than maritime terminals
- Outsourcing driven by aging labour, labour shortage, automation of equipment and systems requiring special knowledge

Data enabled service opportunities

- Data driven predictive maintenance and Service Solutions
- Service Agreements for Automation systems

Port Services market

Market size/market share includes port services (both insourced and outsourced). Services scope based on current Konecranes offering.

We aim to become the World #1 in our core offering

Financial targets:

- Sales growth clearly faster than the market¹
- Comparable EBITA margin of 9-11%²

¹ nominal world GDP growth, IMF World Economic Outlook

² as soon as possible, but no later than in 2027. Profitability range, depending on the cycle.

We capture the market opportunity and reach our targets by:

1. Focusing on our core offering with best growth potential
2. Growing our Port Services
3. Further strengthening our automation offering and capturing automation opportunities
4. Strengthening our eco-efficient offering
5. Focusing on Operational Excellence

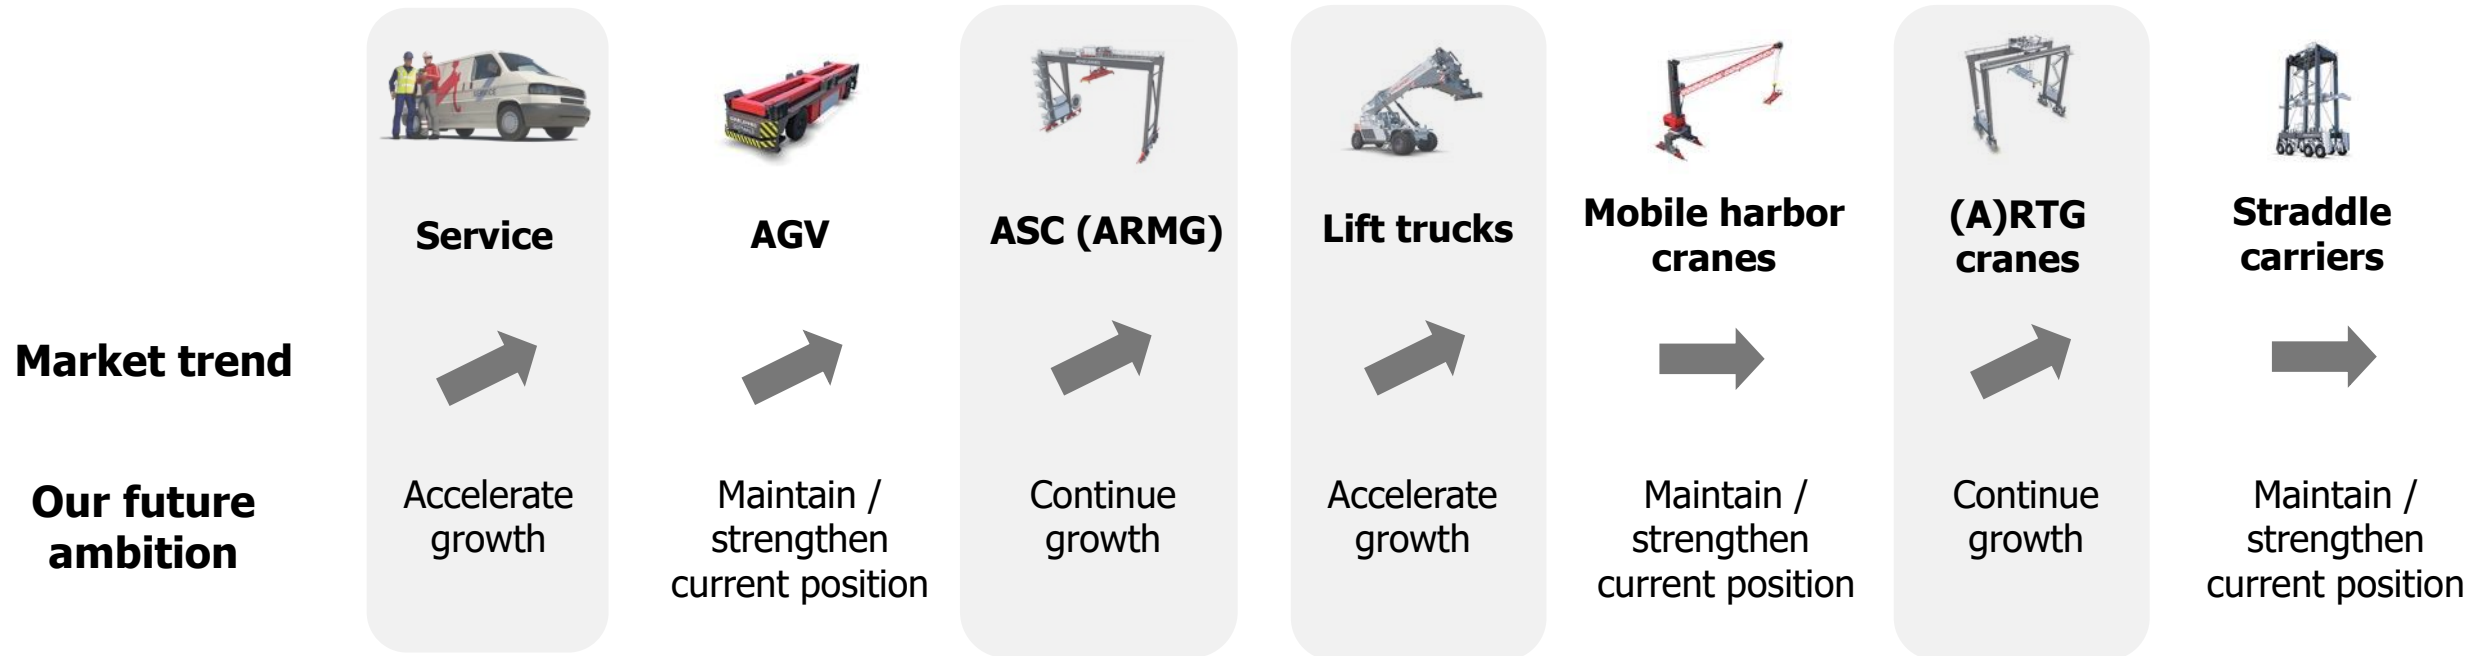

Market provides plenty of opportunities for growth

¹ Total market including in-house² For yard cranes, ASC and RTG combined³ Container handling equipment and medium and heavy forklift trucks

We focus on products with the best growth potential

With the rest of the product portfolio, our focus is on market share and profitability

- Focus on products where we offer safety, sustainable solutions, high productivity, high quality, reliability & high uptime and low total cost of ownership (TCO)
- Potential to leverage Konecranes' unique Service offering to customers
- Electrification and agile distribution model provides further opportunities to mobile equipment

We aim to grow Port Services faster than equipment over the cycle

Important Notice

The following applies to this presentation, the oral presentation of the information in this presentation by Konecranes Abp (the “**Company**” or “**Konecranes**”) or any person on behalf of the Company, and any question-and-answer session that follows the oral presentation (collectively, the “**Information**”). In accessing the Information, you agree to be bound by the following terms and conditions.

This presentation does not constitute an offer of or an invitation by or on behalf of, Konecranes, or any other person, to purchase any securities.

The Information is not directed to, or intended for distribution to or use by, any person or entity that is a citizen or resident of, or located in, any locality, state, country or other jurisdiction where such distribution or use would be contrary to law or regulation or which would require any registration or licensing within such jurisdiction.

The Information contains forward-looking statements. All statements other than statements of historical fact included in the Information are forward-looking statements. Forward-looking statements give the Company’s current expectations and projections relating to its financial condition, results of operations, plans, objectives, future performance and business. These statements may include, without limitation, any statements preceded by, followed by or including words such as “target,” “believe,” “expect,” “aim,” “intend,” “may,” “anticipate,” “estimate,” “plan,” “project,” “will,” “can have,” “likely,” “should,” “would,” “could” and other words and terms of similar meaning or the negative thereof. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors beyond the Company’s control that could cause the Company’s actual results, performance or achievements to be materially different from the expected results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Company’s present and future business strategies and the environment in which it will operate in the future.

The Information, including but not limited to forward-looking statements, applies only as of the date of this document and is not intended to give any assurances as to future results. Market data used in the Information not attributed to a specific source are estimates of the Company and have not been independently verified.

Q&A

Q2 2023 – Sustained strong performance

Strong financial performance in Q2

Orders increased and exceeded €1.0 billion again

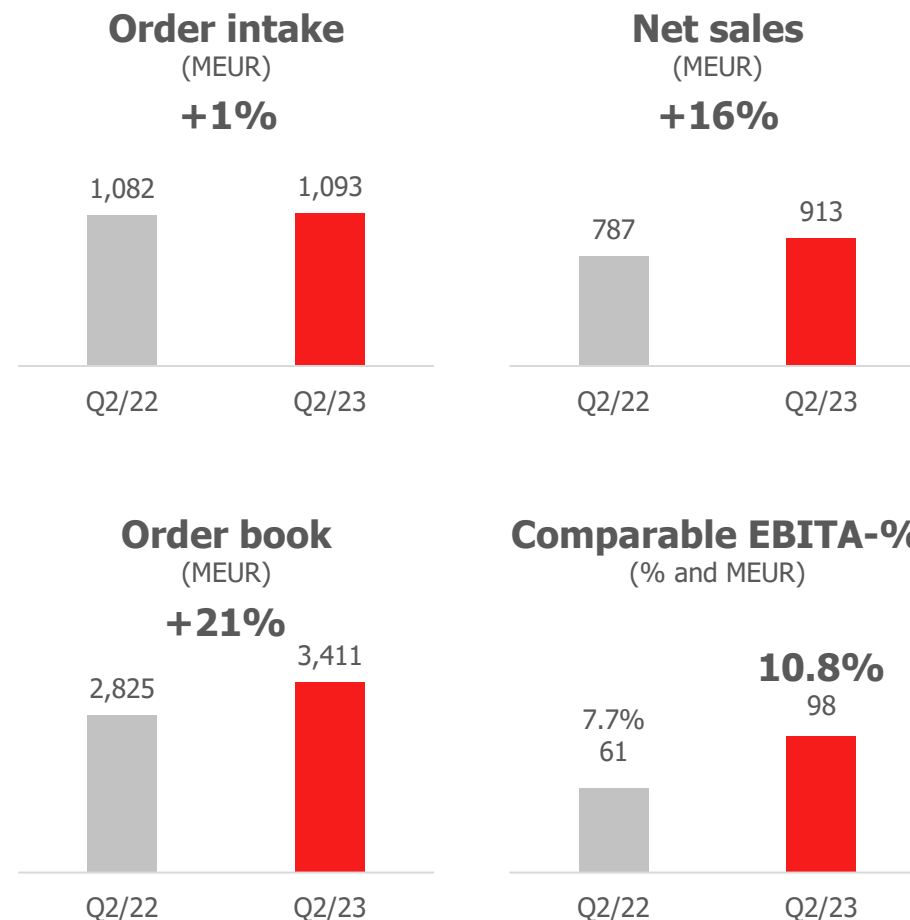

- Demand environment remained good despite weakened economic macro-indicators
- Orders growth in Service and Port Solutions

Sales increased 19% Y/Y (comp. FX)

- Delivery capability continued to be as efficient as in Q1
- Some deliveries postponed by customers and global supply chain challenges despite the good sales execution

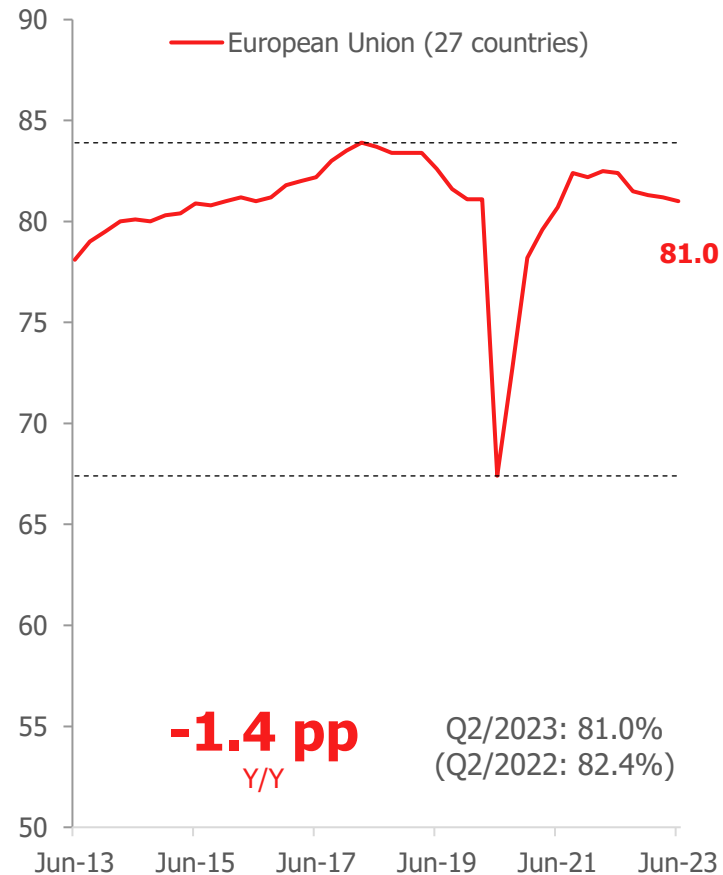

Record-high Q2 comparable EBITA margin

- Driven by higher sales and pricing
- Profitability improved in Service and Industrial Equipment, and was close to the previous year's level in Port Solutions

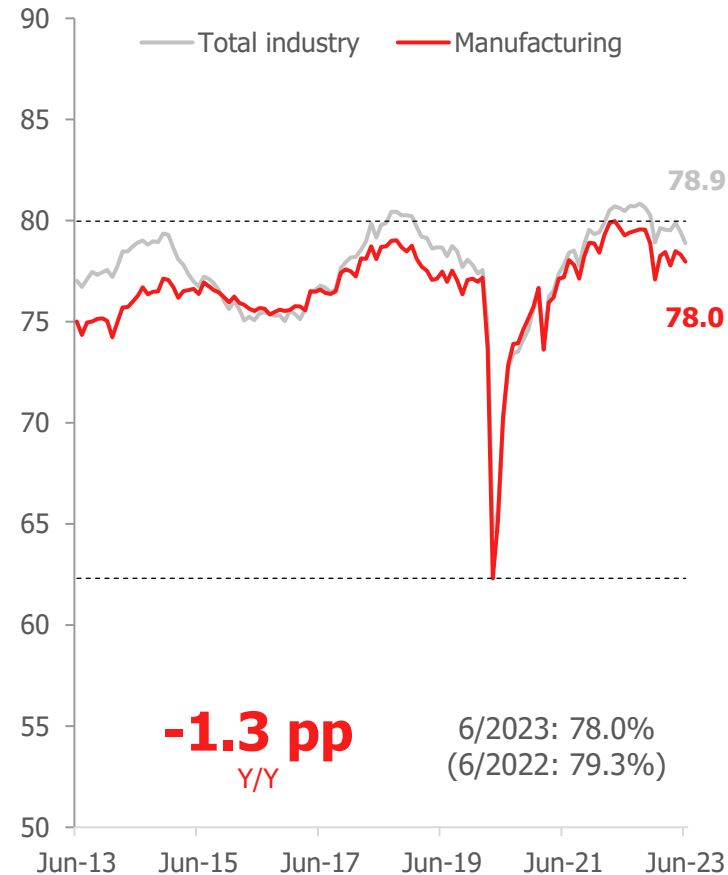

Market environment – Service and Industrial Equipment

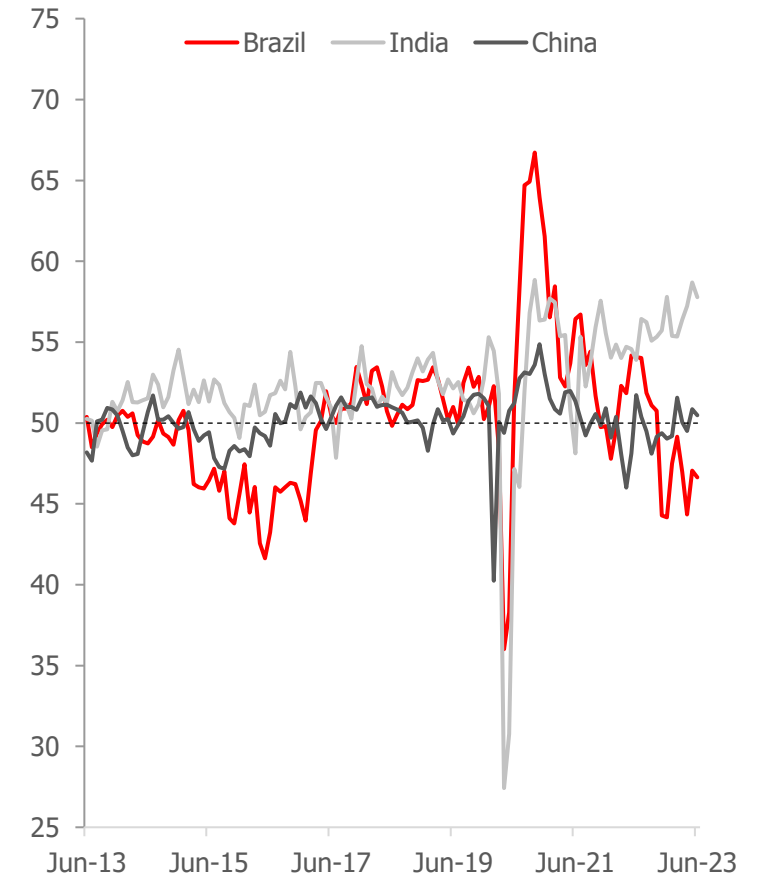

EU capacity utilization rate, %

US capacity utilization rate, %

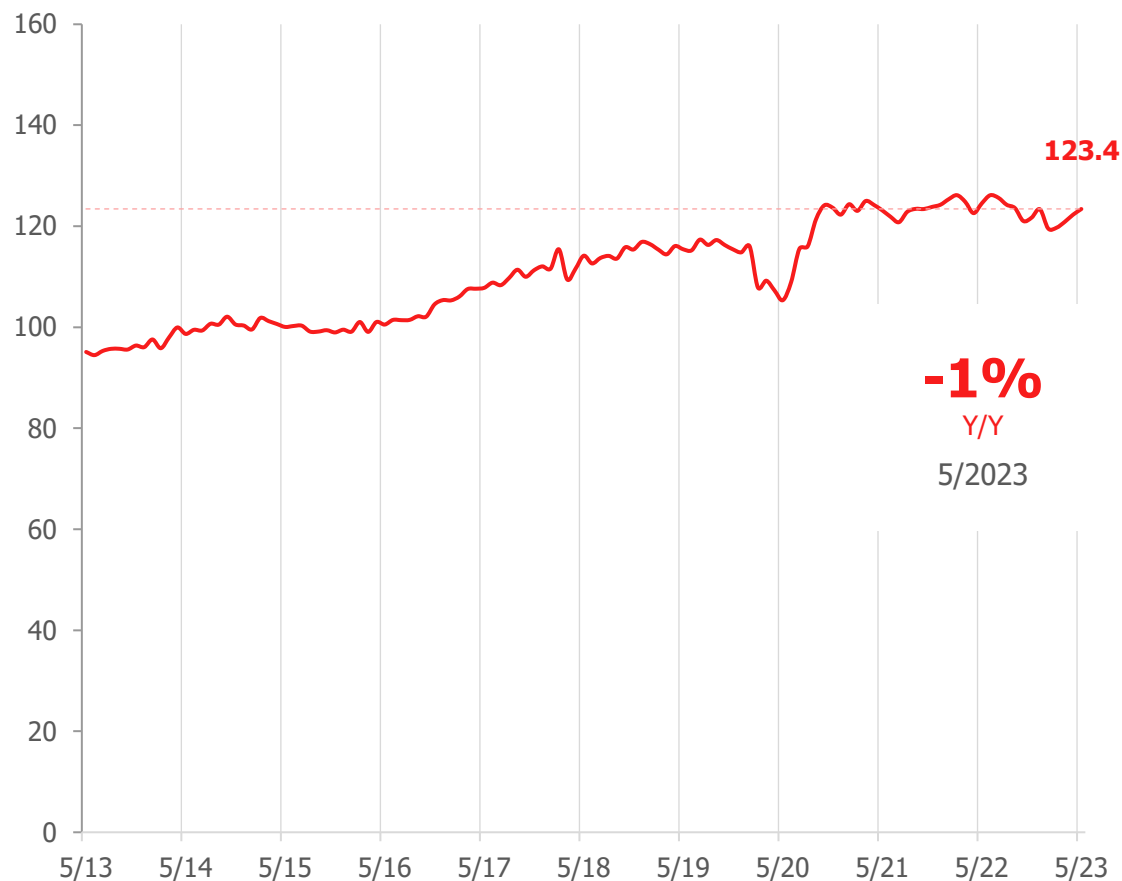

Manufacturing PMIs – Brazil, India & China

Progress towards Konecranes' financial targets

Q3 2023 demand outlook

The worldwide demand picture remains subject to volatility and uncertainty.

Within industrial customer segments:

Americas

EMEA

Asia-Pacific

Our demand environment within industrial customer segments has remained good and continues on a healthy level, despite the weakened global macro indicators and some signs of weakening in all three regions.

Within port customers:

Global container throughput continues on a high level, and long-term prospects related to global container handling remain good overall. That said, we have started to see hesitation in decision-making in the short term among some port customers.

Financial guidance for full-year 2023

Net sales expected to increase in full-year 2023 compared to 2022.

Comparable EBITA margin expected to improve in full-year 2023 from 2022.
